Dear Ms. Walli:

Re: Pollution Probe – Addition of Experts to Contact List
EB-2007-0905 – Ontario Power Generation – 2008-09 Payments

Please be advised that Pollution Probe has retained Dr. Gordon Roberts and Dr. Lawrence Kryzanowski to provide expert testimony in this proceeding. For your reference, we expect that their testimony will address:

- Fair rate of return on capital for OPG's regulated nuclear assets on a stand-alone basis with and without OPG's proposal to recover 25% of its nuclear costs via a capacity charge;
- Fair rate of return on capital for OPG's regulated hydro-electric assets on a stand-alone basis; and
- Based on above, overall fair rate of return on capital for regulated assets (with and without 25% nuclear capacity charge) and the appropriate cost of capital for nuclear and hydro assets for ratemaking purposes.

We accordingly request that the Board (and other parties) update the Intervenor List and the Board's contact lists for this proceeding to include Dr. Roberts and Dr. Kryzanowski under Pollution Probe. For your reference, the experts' respective contact information is:
