Dear Ms. Marconi:

**RE: EPCOR Electricity Distribution Ontario Inc. ("EEDO") - License ED-2002-0518  
EB-2023-0018 - 2024 IRM Application  
Draft Rate Order**

---

EEDO staff have reviewed the draft rate order provided on March 4, 2024. EEDO confirms that all values appear to accurate and consistent with the application. During review, one item was noted that could benefit from a slight clarification. The wording of the global adjustment rate rider is inconsistent between EB-2023-0018 and EEDO's cost of service application (EB-2022-0020):

**EB-2023-0018:**

"Rate Rider for Disposition of Global Adjustment Account (2024) - effective until April 30, 2025. Applicable only for Non-RPP Customers"

**EB-2022-0018:**

"Rate Rider for Disposition of Account 1589 Global Adjustment (2023) - effective until September 30, 2025. Applicable only for Non-RPP Class B Customers"

EEDO staff recommend that the wording be revised to confirm that this rate is applicable to class B customers only.

**Proposed:**

Rate Rider for Disposition of Account Global Adjustment (202X) - effective until XXXX XX, XXXX. Applicable only for Non-RPP Class B Customers"

Please contact me if you have any questions on this matter.
