Dear Ms. Marconi:

**Re: EB-2022-0111 – Enbridge Gas – Bobcaygeon Gas Expansion Project
EB-2023-0200 – Enbridge Gas – Sandford Gas Expansion Project
EB-2023-0201 – Enbridge Gas – Eganville Gas Expansion Project
EB-2023-0261 – Enbridge Gas – Neustadt Gas Expansion Project**

Enclosed please find a Notice of Motion to review the decisions to deny intervenors an opportunity to file evidence or ask questions to Enbridge in a technical conference in the above proceedings. Environmental Defence also intends to appeal these decisions to the Divisional Court under s. 33 of the *Ontario Energy Board Act* and will be serving a Notice of Appeal shortly.

Environmental Defence seeks directions on when to proceed with the review and appeal and whether to wait until a final decision on the merits in these proceedings. We are commencing the review and appeal at this time to ensure that we meet the relevant deadlines in the *Ontario Energy Board Act* and the *OEB Rules of Practice and Procedure*. However, Environmental Defence is content to wait until the outcome of these four proceedings before having the review and appeal heard if that is the preference of the review panel.

Yours truly,

Kent Elson
