Dear Ms. Marconi:

Re: OEB File No. EB-2023-0195, Toronto Hydro-Electric System Limited (“Toronto Hydro”) 2025-2029 Custom Rate Application for Electricity Distribution Rates and Charges – Redaction of Non-Relevant Information in Interrogatory Response 1A-CCC-1, Appendix D

On March 11, 2024, Toronto Hydro filed its responses to the interrogatories from OEB Staff and various parties in this proceeding. In its response to interrogatory 1A-CCC-1, the utility indicated that certain information in the documents provided as appendices to the response has been permanently redacted in both the public and confidential versions of the documents, on ground of not being relevant to the question.

In accordance with section 11.1.2 of the OEB’s Practice Direction on Confidential Filings, Toronto Hydro provides below the specific pages of redacted information that contain the non-relevant information and a description of why that information is not relevant to the proceeding.

IRR	Pages	Basis for Non-Relevance
1A-CCC-01 Appendix D	2-13, 28-32	The interrogatory requests all materials provided to Toronto Hydro’s Board of Directors with respect to this application, the underlying budgets, and Toronto Hydro’s most recent business plan. The indicated pages of Appendix D do not relate to this application and contain information on more general topics.

The utility is also filing for the OEB’s review a confidential, un-redacted version of the document containing all of the information for which redactions for non-relevance have been made.

Please reach out directly if you have any questions.

Respectfully,

Deniz H. Oktem
