Dear Ms. Marconi:

RE: GENERIC PROCEEDING REGARDING COST OF CAPITAL AND OTHER MATTERS (EB-2024-0063)

Please accept this letter as the Electricity Distributors Association's (EDA) request for intervenor status in the OEB's Generic Proceeding regarding Cost of Capital and Other Matters (EB-2024-0063).

The EDA is the voice of Ontario's local distribution companies (LDCs) and represents the interests of 50 publicly and privately owned LDCs in Ontario. The distribution sector delivers approximately 120TWh of electricity to 5.4 million residential, commercial, industrial, and institutional customers throughout the province.

The EDA reserves the right to participate in all aspects of this proceeding (e.g., testing the written pre-filed evidence, attending technical conferences, filing submissions). The EDA will not seek an award for costs and will not use the French language.

Thank you for considering our request for intervenor status in these proceedings. Please direct all correspondence to
