submissions. We ask that you note that we have been unable to submit the through the Cost Claim filings through the OEB Pivotal UX Portal as the Action Centre does not populate.

We note that our Clients are all landowners directly affected by the Project. We note that in accordance with section 5 of the OEB Practice Direction on Cost Awards, revised April 1, 2023:

- Our Clients participated responsibly in the process;
- The submissions file assisted the OEB in understanding the issues being raised by the landowners including but not limited to:
- At all times we ensured that our submissions were not repetitive and focused on relevant material issues;
- At no time did our Clients engage in any conduct that resulted in the unnecessarily lengthening of the process; and,
- We did not engage in any conduct that would be deemed inappropriate or irresponsible.

We have reviewed the Board's Tariff and attached our cost claims as Schedule "A" to this letter. We again ask that you note that we are unable, due to portal issues. Our Senior Law Clerk also contacted the OEB to advise of the portal issues.

Please advise if you have any questions or wish to discuss.

Yours truly,

Siskinds LLP
