DECISION AND ORDER

Kingston Cogen Limited Partnership (Kingston Cogen) filed an application on March 6, 2024, under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for renewal of its electricity generation licence. Iroquois Falls Power Corp. (Iroquois Falls Power) filed an application on March 6, 2024, under section 60 of the OEB Act, for renewal of its electricity generation licence.

Kingston Cogen, Iroquois Falls Power and other related entities were placed into Receivership on August 10, 2023, and they were acquired by the same company on February 15, 2024. Thus, the OEB combined the two matters into one proceeding, pursuant to section 21(5) of the OEB Act. This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

Kingston Cogen owns and operates one electricity generation facility, located in Bath, Ontario. Iroquois Falls Power owns and operates one electricity generation facility, located in Iroquois Falls, Ontario.

After considering the application and assessing the technical capability and financial viability of Kingston Cogen and Iroquois Falls Power, the OEB finds that it is in the public interest to grant the applications and issue electricity generation licences to Kingston Cogen and Iroquois Falls Power.

IT IS ORDERED THAT:

1. The application by Kingston Cogen for an electricity generation licence is granted, on such conditions as are contained in the attached licence (EG-2024-0108).
2. The application by Iroquois Falls Power for an electricity generation licence is granted, on such conditions as are contained in the attached licence (EG-2024-0109).
