Dear Ms. Marconi:

**RE: EB-2024-0007 – Algoma Power Inc. Cost of Service  
Distribution Rate Application for Rates Effective January 1, 2025  
Delay in Filing**

Consistent with the OEB's letter of December 15, 2023 ("RE: Applications for 2025 Electricity Distribution Rates"), Algoma Power Inc. (API) has been working diligently to complete a cost-of-service distribution rate application by the requisite deadline of April 30, 2024.

Due to unforeseen circumstances including unplanned resourcing challenges, API is unable to file a complete and robust application by April 30. API is therefore requesting an extension to file its Application no later than May 31, 2024.

Sincerely,

Oana Stefan
