Dear Mr. Share:

**Re: Newmarket-Tay Power Distribution Inc. (Newmarket-Tay Power)
Application for 2024 Distribution Rates
Ontario Energy Board File Number: EB-2023-0039**

The Ontario Energy Board (OEB) acknowledges receipt of the letter, dated May 8, 2024, from Newmarket-Tay Power in response to the OEB's Decision and Order issued on May 7, 2024.

In its letter, Newmarket-Tay requested confirmation from the OEB that a rate implementation date of May 1, 2024, instead of June 1, 2024, would be acceptable. Newmarket-Tay Power noted that after discussions internally and with its billing vendor, it would be able to implement rates for May 1, 2024, and therefore avoid the need to calculate forgone revenues. Newmarket-Tay further noted that a May 1 implementation date would result in lower bill impacts to customers than a June 1, 2024 implementation date.

The OEB confirms that a May 1, 2024, implementation date is acceptable. Newmarket-Tay Power is reminded that it is to file a Draft Rate Order by May 14, 2024.

Yours truly,

Nancy Marconi
Registrar
