Dear Mr. Ladanyi:

**Re: Request for Participation
Enbridge Gas Inc. (Enbridge Gas)
Annual Update to Five-Year Natural Gas Supply Plan
Ontario Energy Board File Number: EB-2024-0067**

This letter is in response to your letter dated June 5, 2024, filed on behalf of Energy Probe, requesting to participate in the above proceeding.

Energy Probe's request was filed after the deadline of April 30, 2024, for requesting participation status and cost eligibility. Energy Probe stated it inadvertently missed the deadline and is requesting to be allowed to participate in the consultation. In its letter, Energy Probe noted that it participated in past annual updates to the five-year gas supply plan. Energy Probe stated that because of the lateness of its participation request, Energy Probe is not requesting cost eligibility.

The OEB has added Energy Probe to the participation list for this consultation. The OEB appreciates Energy Probe's position on its cost eligibility but is nonetheless granting cost eligibility for reasonably incurred costs should Energy Probe choose to make a cost award claim. The OEB notes that Enbridge did not object to potential cost eligibility for Energy Probe.

Yours truly,

Theodore Antonopoulos
Vice President, Major Applications
