Dear Ms. Marconi:

**Re: Enbridge Gas Inc. (“EGI”)**  
**Panhandle Regional Expansion Project Leave to Construct – Cost Claim**  
**Board File Number: EB-2022-0157**

We are counsel to the Association of Power Producers of Ontario (“**APPrO**”) in the above-noted proceeding. On May 14, 2024, the Ontario Energy Board (“**OEB**”) issued a decision directing cost eligible intervenors to file their cost claims with the OEB. APPrO’s cost claim has been prepared and filed through the OEB’s online cost claim filing system in accordance with section 10 of the OEB Practice Direction on Cost Awards.

APPrO participated reasonably in the proceeding by focusing its involvement on issues directly relevant to its members and coordinated its participation with Atura Power. This ensured that its participation in the process would not unduly repetitive and was focused on relevant and material issues.

APPrO’s participation contributed to a better understanding by the OEB of the issues in the proceeding. APPrO’s arguments and interrogatories were cited throughout the OEB’s decision, particularly in relation to forecasted electricity demand in the Panhandle region, applicability of the EBO 134 test and stage 3 benefits, impacts of contributions in aid of construction on its members and proposed conditions on the Panhandle Project approval. APPrO did not engage in conduct that tended to lengthen the process unnecessarily or engage in any inappropriate or irresponsible conduct.

In sum, this was a lengthy and contested proceeding that spanned nearly two years with substantial evidentiary revisions midway by Enbridge. Accordingly, APPrO requests reimbursement of its costs attached hereto.

Yours truly,
