Dear Nancy Marconi:

Re: Enbridge Gas Inc. (Enbridge Gas, or the Company)
EB-2024-0111 - 2024 Rebasing and IRM – Phase 2 Evidence

Enbridge Gas filed Phase 2 of its 2024 Rates Application on April 26, 2024. In this Application, Enbridge Gas requested approval of an incentive rate-setting mechanism (IRM) for the years from 2025 to 2028 and updated 2024 rates effective January 1, 2024.

On June 7, 2024 a letter filed on behalf of Enbridge Gas stated that no evidence on issue 27 is currently on the record and that Enbridge Gas would be filing further evidence to confirm that Enbridge Sustain's activities are not funded through rates.

Enclosed is the evidence of Enbridge Gas updated to include evidence related to issue No. 27.

Enbridge Gas will post the evidence on its website at www.enbridgegas.com/about-enbridge-gas/regulatory. Enbridge Gas will send a copy of this letter, and a link to the website page, to all parties to the proceeding.

Should you have any questions, please let us know.

Sincerely,
