**Re: Notice of Hearing for Cost Awards  
Integrated Resource Planning Technical Working Group  
Board File No.: EB-2021-0246**

---

The OEB is initiating a hearing on its own motion in order to determine the cost awards for eligible Integrated Resource Planning (IRP) Working Group activities from January 1, 2024 to June 30, 2024.

## **Background**

The OEB's July 22, 2021 [Decision and Order](#) established an Integrated Resource Planning (IRP) Framework for Enbridge Gas Inc. (Enbridge). Integrated resource planning involves consideration of both traditional facility solutions and alternative supply- or demand-side solutions to meet Enbridge's identified natural gas system needs. The IRP Framework provides direction on the OEB's requirements for IRP for Enbridge.

The Decision and Order required the OEB to establish an IRP Technical Working Group (Working Group) led by OEB staff, to provide input on IRP issues that will be of value to both Enbridge in implementing IRP, and to the OEB in its oversight of the IRP Framework. The Working Group is expected to support an efficient and transparent implementation of this initial phase of the IRP Framework.

The OEB has previously issued four decisions on cost awards for Working Group activities covering the periods January 1, 2022 to December 31, 2023. Cost awards are available under Section 30 of the *Ontario Energy Board Act, 1998* to eligible persons in relation to their participation in the Working Group, based on the criteria set out in the OEB's [Practice Direction on Cost Awards](#), including analyst/consultant fees that are in

accordance with the OEB's tariff. OEB staff provides guidance as necessary regarding any additional hours and eligible activities that may be claimed in addition to the base hours and eligible activities outlined in the Working Group's [Terms of Reference](#) (see Appendix A to this Notice). Costs awarded are recovered from all rate-regulated natural gas distributors based on their respective distribution revenues.

### Notice of Hearing

The OEB is initiating this hearing on its own motion in order to determine the cost awards that will be made in accordance with section 30 of the *Ontario Energy Board Act, 1998* in relation to eligible IRP Working Group activities that have occurred from January 1, 2024, to June 30, 2024. The maximum number of hours and eligible activities are outlined in Appendix A of this Notice.

The OEB intends to proceed by way of a written hearing unless a party can satisfy the OEB that there is a good reason for not holding a written hearing. If a party wants to object to a written hearing, the objection must be received by the OEB no later than **7 days** after the date of this Notice.

Assuming that the OEB does not receive any objections to a written hearing, the hearing will follow the process set out below.

1. Working group members filing cost claims shall submit their cost claims by August 8, 2024. The cost claim must be filed with the OEB and one copy is to be sent by email to each rate-regulated natural gas distributor. The cost claims must be completed in accordance with section 10 of the OEB's [Practice Direction on Cost Awards](#).
2. Natural gas distributors will have until August 22, 2024 to object to a request for cost awards or any aspect of the costs claimed. The objection must be filed with the OEB and one copy must be sent by email to the person against whose claim the objection is being made.
3. The person whose cost claim was objected to will have until August 29, 2024 to file with the OEB a reply submission as to why its cost claim should be allowed. One copy of the reply submission is to be sent by email to the objecting natural gas distributor.
4. The OEB will then issue its decision on cost awards. The OEB's costs may also be addressed in the cost awards decision.

The OEB will use the process set out in section 12 of its *Practice Direction on Cost Awards* to implement the payment of the cost awards. The OEB will therefore act as a clearing house for all payments of cost awards in this process.

<sup>1</sup> Per the direction in the Working Group Terms of Reference, maximum eligible hours for each meeting are set at 2.0 times actual meeting time.
