Registrar
Ontario Energy Board

Toronto, Ontario, M4P 1E4

Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas or the Company)
Ontario Energy Board (OEB) File No. EB-2024-0141
Ontario Line – Overlea Station Relocation Project (the Overlea Project)
Request for Abeyance**

Enbridge Gas filed its application and evidence in the above proceeding on May 22, 2024. The OEB subsequently issued a public Notice of a Hearing and Letter of Direction to Enbridge Gas on June 14, 2024. Intervention requests were submitted by Environmental Defence and Pollution Probe by the deadline of July 2, 2024. Enbridge Gas communicated by letter on July 5, 2024 that it has no objections to these intervention requests.

Enbridge Gas intends to prepare and file an application for exemption of the Overlea Project from the hydrocarbon leave-to-construct requirement, pursuant to the exemption provision in section 95(1) of the *Ontario Energy Board Act*. Therefore, Enbridge Gas is requesting that the OEB place this leave-to-construct application in abeyance pending the outcome of the Company's upcoming exemption application.

If you have any questions, please contact the undersigned.

Sincerely,

Patricia Squires
