

# NOTICE OF A RATE HEARING

## Wataynikaneyap Power LP has applied for approval of its 2025 Transmission rates and other charges

Wataynikaneyap Power LP is the owner and operator of a new transmission system in northwestern Ontario that reinforces the transmission system to Pickle Lake and connects certain remote First Nations communities to the provincial electricity transmission system. The transmission system came into service in segments from August 2022 to May 2024.

Wataynikaneyap Power LP has applied to the Ontario Energy Board for approval to change its electricity transmission rates and its fixed charge to Hydro One Remote Communities Inc. effective January 1, 2025. If the application is approved as filed, the monthly bill of a typical residential customer and a typical general service customer would increase by the following amounts:

<b>Residential (750 kWh)</b>	<b>\$0.14 per month</b>
<b>General Service less than 50 kW (2,000 kWh)</b>	<b>\$0.35 per month</b>

Any change to the provincial transmission rate will be reflected on the delivery line of the electricity bill for all electricity customers in Ontario.

Wataynikaneyap Power LP has also applied to dispose of the balances in certain deferral and variance accounts. Please review the application for additional information on the requests.
