Dear Ms. Marconi,

I am writing on behalf of the Kawartha chapter of Seniors for Climate Action Now. Our goal is to prevent more climate catastrophes for the sake of future generations and the survival of life on the planet. Our chapter is very concerned about the plan to build more methane gas pipelines in the Bobcaygeon area.

We have been assisted by Environmental Defence, which has advocated for our interests in the Ontario Energy Board case regarding that project. This is mentioned in the submission of Environmental Defence, dated July 31, 2024. I can confirm that the statements in those submissions regarding our group are entirely accurate.

Yours truly,
