Dear Kent Elson:

**Re: Request for Intervenor Status and Cost Eligibility
Review of Enbridge Gas Inc.'s 2023 Utility Earnings and Disposition of
Deferral and Variance Account Balances
Ontario Energy Board File Number: EB-2024-0125**

This letter is in response to your letter dated August 2, 2024, filed on behalf of Environmental Defence (ED), requesting late intervenor status and cost eligibility in the above proceeding.

In its late intervention request, ED acknowledged that it received Notice for this hearing but that the Notice was missed due to an oversight. ED stated that, if granted intervenor status, it would fully comply with the schedule set out in Procedural Order No. 1 and cause no delay to the hearing schedule. ED submitted that granting its request will not cause prejudice to any party, and that ED's perspective may provide helpful evidence for the OEB to consider. ED submitted that it played a leading role in Phase 1 of Enbridge Gas's rebasing application¹ with respect to unaccounted-for gas and fugitive emissions. In the current proceeding, ED wishes to explore this issue, the costs involved, and whether they are reasonable.

Enbridge Gas Inc. did not object to ED's late intervention request.

ED is approved as an intervenor and is eligible to apply for an award of costs under the OEB's [Practice Direction on Cost Awards](#).

An updated list of participants in this proceeding is attached to this letter.

Yours truly,

Nancy Marconi
Registrar
