Re: Eastern Power Inc. Application to transfer electricity generation license- File: EB-2024-0097

As requested in OEB's emails of 14<sup>th</sup> and 16<sup>th</sup> August 2024, the following information is submitted:

1. The date of incorporation of GSPI is 3 February 2024
2. The trade name of GSPI is Hydrogen Ready Power Plant. A copy of the business registration certificate is submitted with this letter.
3. The transfer of the license from Eastern Power Inc. (EPI) to Greenfield South Power Inc. (GSPI) will not have any impact on the location or construction and operation of the generation facility, listed under Schedule 1 of EPI's licence.
4. The transfer of the licence from EPI to GSPI will not impact any person
5. In our call with Mr. Raveen Gunaratnarajah on 20<sup>th</sup> August, we suggested that guarantee from affiliate EPI be provided, after suitable amendment to the language. Guarantee from affiliate EPI is submitted along with this letter. Financial statement of EPI for the year ended August 2023 and comparables for year ended August 2022 is submitted as well.

Submitted for OEB's review and issue of an amended license in the name of GSPI.
