Company Name	Relation to the Applicant	Jurisdiction	Business Activity	Name of Licensing Body and Licence/Registration No. (if applicable)
BP Energy Company (BPEC) has numerous affiliates in North America that are active in onshore and offshore natural gas and crude oil exploration and production, refining, and integrated supply and trading across natural gas, power, crude oil, refined products, LNG and NGLs. BPEC is part of the BP plc group of companies that exist globally and has numerous affiliates, the BP family included, several wind, solar and landfill gas entities who may also hold market-based rate authority in the United States or otherwise make sales of landfill gas in the ordinary course of their business.	As the scope of BPEC, and its affiliates, energy sector activities in North America is so broad, and an exhaustive listing of all licenses and registrations in respect of those activities would require extensive resources, for the purposes of this question, BPEC has listed below a representative, but non-exhaustive list, of authorizations attributable to BPEC, and certain of its affiliates, in natural gas and electricity in North America (excluding Mexico).	Further information regarding BPEC's, or its affiliates', activities in North America, can be prepared if required by the Board. Further information regarding the BP group of companies and its activities can be found at www.bp.com .
