

NOTICE OF A RATE HEARING

Niagara-on-the-Lake Hydro Inc. has applied to change its electricity distribution rates

The requested rate changes are set using an OEB-approved formula, which is tied to inflation and other factors intended to promote efficiency. If the application is approved as filed, a typical residential customer and a typical general service customer of Niagara-on-the-Lake Hydro Inc. would see the following increase:

Residential (750 kWh)	\$1.55 per month
General Service less than 50kW (2,000 kWh)	\$2.90 per month

Other customers, including businesses, will also be affected. It's important to review the application carefully to determine whether you may be affected by the proposed changes.

Niagara-on-the-Lake Hydro Inc. has also applied to dispose of a credit balance in a deferral and variance account referred to as a Group 2 account.

YOU SHOULD KNOW

There are three types of OEB hearings: oral, electronic and written. The OEB plans to proceed with, a written hearing. If you think a different hearing type is needed, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as Intervenors. After the hearing, we will decide whether to approve the application.
