Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas or the Company)
Ontario Energy Board (OEB) File No. EB-2022-0157
Panhandle Regional Expansion Project
Change Request No. 1 – REDACTED**

Please find attached Change Request No. 1 for the Panhandle Regional Expansion Project (Project). Enbridge Gas is filing this Change Request pursuant to the OEB's Condition of Approval No. 5 of the OEB's Decision and Order dated May 14, 2024, granting leave to construct the Project.

As detailed herein, the lands rights described in Enbridge Gas's pre-filed evidence were based on preliminary Project designs and plans. Enbridge Gas has subsequently completed lands survey works, refined Project designs and consulted with affected landowners since that time. Accordingly, the changes requested herein reflect the best available information at this time.

As part of this Change Request, Enbridge Gas is attaching a general Project Area Map (Attachment 1), an Updated Landowner Line List (Attachment 2), and Updated Alignment Drawings of the Preferred Route (Attachment 3).

In accordance with the OEB's *Practice Direction on Confidential Filings*, Enbridge Gas has redacted confidential information within the documents summarized in Table 1. Table 1 also contains details of the specific information and reasons for confidential treatment.

Panhandle Regional Expansion Project Change Request #1

1. Enbridge Gas Inc. (Enbridge Gas or the Company) requires different (modified, reduced and/or additional) permanent easement and temporary land use (TLU) rights compared to that which was described in the Company's pre-filed evidence for the Panhandle Regional Expansion Project ("Project"). The lands rights described in Enbridge Gas's pre-filed evidence were based on preliminary Project designs and plans. Enbridge Gas subsequently completed lands survey works, refined Project designs and consulted with landowners since that time. Accordingly, the modified lands rights required for the Project at this time included within the Change Request reflect best available information, including:
 - i. surveys of impacted lands;
 - ii. modifications for constructability/installation determined in partnership with contractors; and,
 - iii. modifications made at the request of affected landowners.

Importantly, despite the requested changes, no additional landowners will be affected by the Project.

Construction and Restoration Practices

2. No impact to construction and/or restoration practices as a result of the Change Request are anticipated at this time.

Environmental

3. All permits, approvals and clearances are in place for sites that were not included in the original filing.

Consultation

4. Enbridge Gas has consulted with the affected landowners to secure or modify the necessary land rights, as appropriate, to support construction/installation and operation of the approved Project. Enbridge Gas is committed to continuing to meet

with affected landowners to further discuss and resolve whatever questions or concerns they may have throughout Project execution/construction.

Lands

5. All landowners listed in Attachment 2 have been or will be offered the forms of lands rights agreements approved by the OEB. Enbridge Gas will have all such executed agreements in place prior to commencement of construction on the relevant properties.

Costs

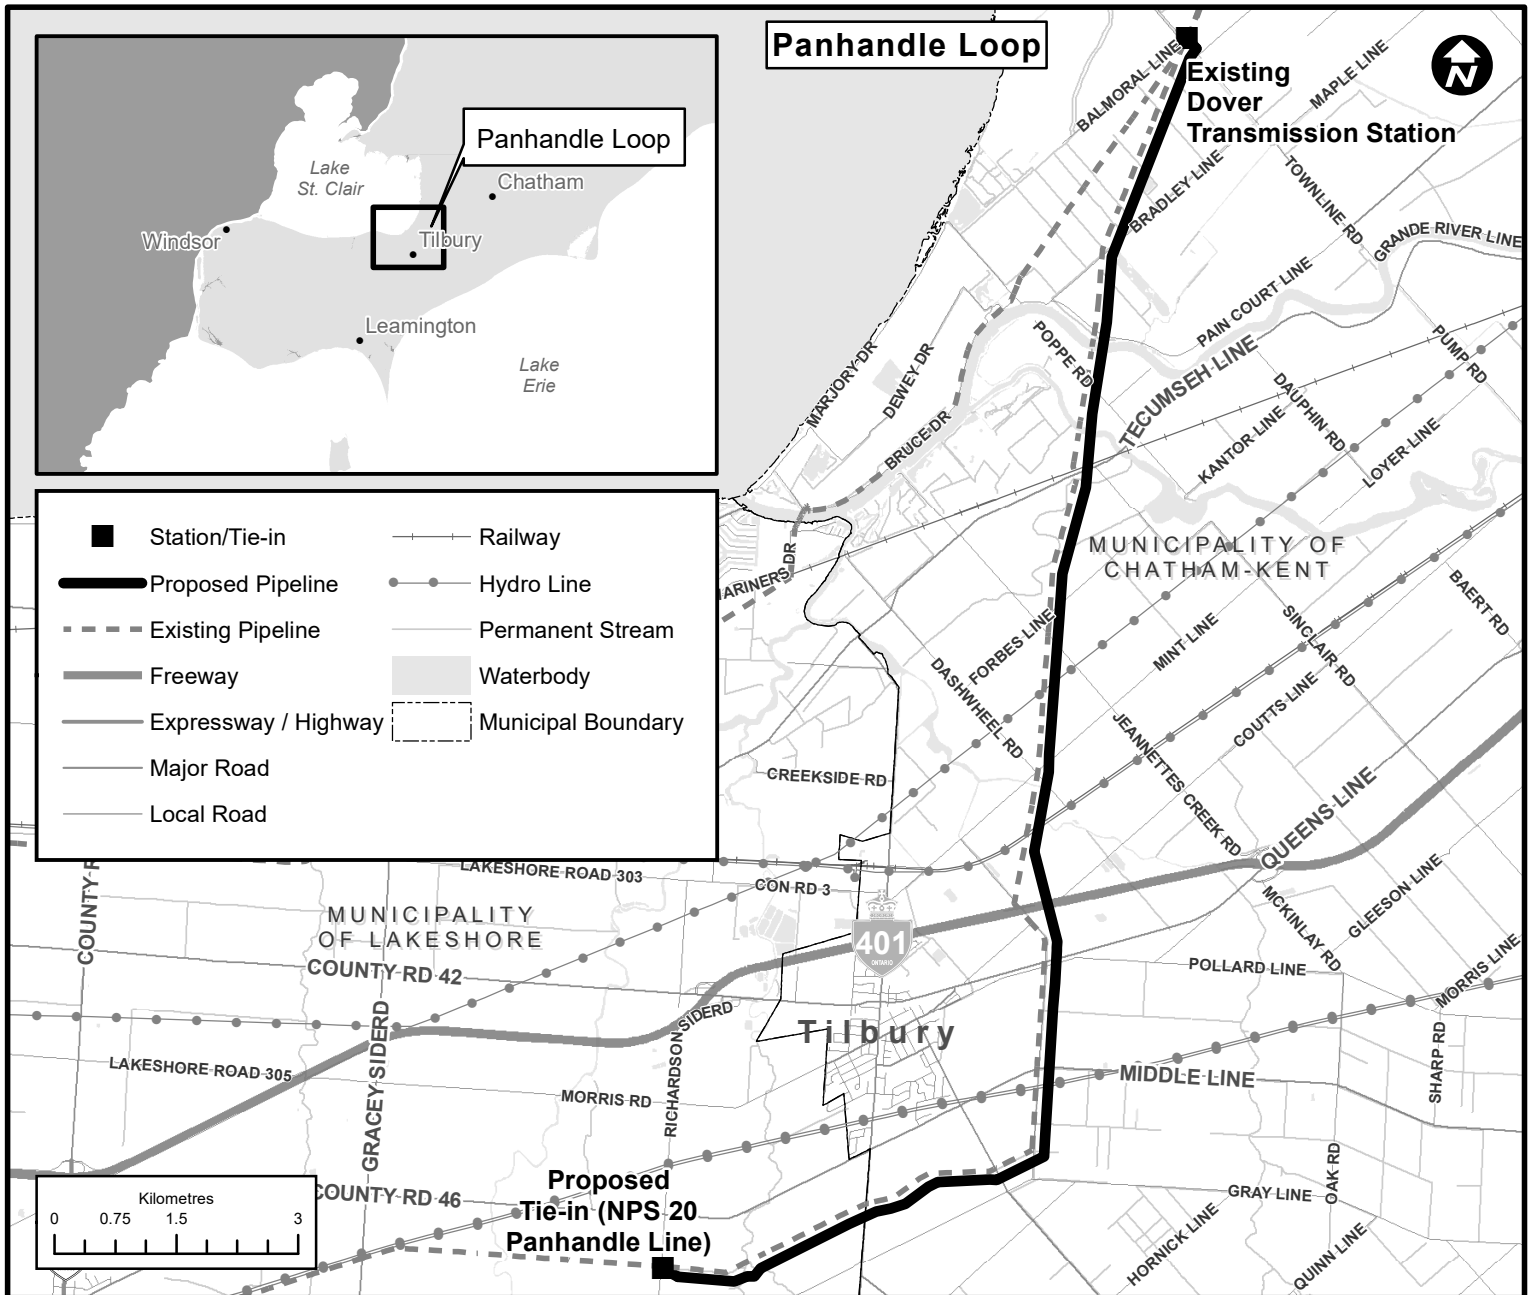

6. The additional lands rights required have no material impact to the overall Project costs. Any additional costs associated with the Change Request will be allocated to the contingency budgeted for the Project.

Schedule

7. No impacts to the Project's proposed in-service date (November 2024) are anticipated as a result of the Change Request.
