"The project will be completed in multiple phases over multiple years. The existing pipeline services over 165,000 customers in Ottawa, Ontario and Gatineau, Quebec"

Question:

- a) Please provide a breakdown of how many of the 165,000 customers are in Ottawa, Ontario and how many are in Gatineau, Quebec.
- b) Please provide the allocation breakdown for pipeline peak demand (m<sup>3</sup> and GJ) required to serve the Ottawa, Ontario customers and the same for the Gatineau, Quebec customers.

Response

- a) Approximately 129,000 customers are in Ontario and 40,000 customers are in Quebec.
- b) Of the total peak demand approximately 99,000 m<sup>3</sup>/h (3,687 GJ) serves Ontario and approximately 40,800 m<sup>3</sup>/h (1,519 GJ) serves Quebec.
