Dear Nancy Marconi:

Re: Enbridge Gas Inc. (Enbridge Gas, or the Company)
EB-2024-0111-2024 Rebasing and IRM – Reply Evidence Delay

On August 21, 2024, Enbridge Gas filed a letter requesting an opportunity to file reply evidence in response to Exhibit M3: Evidence of Pacific Economics Group titled “Empirical Research for Enbridge Gas IR” (PEG Report), prepared for OEB staff. This reply evidence would be prepared by Dr. Lawrence Kaufmann for Enbridge Gas and filed with the OEB. Dr. Kaufmann has already filed a report in this proceeding. On August 27, 2024, the OEB issued Procedural Order No. 5 which outlined that Enbridge Gas shall file its reply evidence on the PEG Report with the OEB and copy all intervenors by September 16, 2024.

As the OEB is aware, Enbridge Gas has been in settlement negotiations with intervenors which has delayed completion of the reply evidence. Enbridge Gas is currently working on the reply evidence and will file that evidence as soon as possible. We acknowledge that this will result in the postponement of subsequent related deadlines.

Should you have any questions, please let us know.

Sincerely,

Joel Denomy
