Dear Ms. Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas)  
2024 Rebasing Application, Phase 2  
Expert Evidence of Pacific Economics Group Research LLC (PEG)  
Ontario Energy Board File Number: EB-2024-0111**

On August 21, 2024, OEB staff filed an excel version of the tables and figures from the PEG report along with some other supporting information and a zipped file containing the working papers supporting tables 3-8 from PEG's report. OEB staff requested confidential treatment of those working papers.

OEB staff is providing an additional working file that it intended to include with the working papers filed on August 21. This file provides support in the form of data and calculations for Enbridge Gas that is contained in the U.S. total factor productivity file and econometric database.

OEB staff is requesting confidential treatment of this additional working file for the same reasons set out in its August 21 cover letter. In accordance with the OEB's Practice Direction on Confidential Filing, counsel and consultants to registered parties who file (or have filed) executed Declarations and Undertakings can request access to this additional file from the Registrar's office, who will provide the password to the file separately.

Any questions relating to this letter should be directed to Khalil Viraney, at 416-440-7729 or [Khalil.Viraney@oeb.ca](mailto:Khalil.Viraney@oeb.ca).

Yours truly,

Khalil Viraney
