Dear Ms. Marconi:

**Re: Enbridge Gas Inc.
Application for Certificate of Public Convenience and Necessity
Town of Collingwood**

Attached is an application by Enbridge Gas Inc. for Orders of the Ontario Energy Board with respect to a Certificate of Public Convenience and Necessity for the Town of Collingwood.

Should you have any questions on this application, please do not hesitate to contact me. I look forward to the receipt of your instructions.

Yours truly,

Patrick McMahon

Encl.

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Municipal Franchises Act*, R.S.O. 1990, c.M.55,
as amended;

AND IN THE MATTER OF an Application by Enbridge Gas Inc. for an Order cancelling and superseding the F.B.C. 96 Certificate of Public Convenience and Necessity related to the Town of Collingwood and those parts of the F.B.C. 265 Certificate of Public Convenience and Necessity related to the parts of the former Township of Nottawasaga annexed to the Town of Collingwood and replacing them with a Certificate of Public Convenience and Necessity to construct works to supply natural gas in the current Town of Collingwood.

APPLICATION

1. Enbridge Gas Inc. (Enbridge Gas), a regulated public utility, is a corporation incorporated under the laws of the Province of Ontario, with its offices in the City of Toronto and the Municipality of Chatham-Kent.
2. The Corporation of the Town of Collingwood is a municipal corporation incorporated under the laws of the Province of Ontario. Attached hereto and marked as Schedule "A" is a map showing the geographical location of the Town of Collingwood and a customer density representation of Enbridge Gas' service area. Enbridge Gas currently serves approximately 12,000 customers in the Town of Collingwood. Enbridge Gas has been providing gas distribution services within the Town of Collingwood since approximately 1957.
3. The Town of Collingwood is a lower-tier municipality located in the County of Simcoe. As a result of the *County of Simcoe Act, 1993*, on January 1, 1994, a portion of the former Township of Nottawasaga was annexed to the Town of Collingwood. Other parts of that former township became part of the Township of Clearview.
4. Enbridge Gas has a 20-year franchise agreement (EB-2017-0159) with the Town of Collingwood effective August 21, 2017 (attached as Schedule "B"). Enbridge Gas has a Certificate of Public Convenience and Necessity (CPCN) issued by the Ontario Energy Board dated April 17, 1957 (F.B.C. 96 attached as Schedule "C1") for the Town of Collingwood.
5. Enbridge Gas has a CPCN issued by the Ontario Energy Board dated July 4, 1997 (E.B.C. 266 attached as Schedule "C2") for the Township of Clearview which was formed on January 1, 1994 as a result of the amalgamation of the former Township of Sunnidale, the former Town of Stayner, the former Village of Creemore and part of the former Township of Nottawasaga pursuant to the *County of Simcoe Act, 1993*. Although not specifically addressed in the E.B.C. 266 Order, Enbridge Gas assumes that the E.B.C. 266 Order cancelled and superseded the CPCNs that had been in place for the former Township of Sunnidale (F.B.C. 104) and the former Town of Stayner (F.B.C. 93), but only cancelled and superseded those parts of the CPCN that had been in place for the former Township of Nottawasaga (F.B.C. 265 attached as Schedule "C3") that were annexed to the Township of Clearview.

6. The Natural Gas Facilities Handbook (issued March 31, 2022) states the following:

3.6.2 Municipal Changes that do not affect another Person's Certificate Rights

If the boundaries of a person's existing certificate are affected by a municipal amalgamation or annexation, and no other person holds a certificate for any part of the newly amalgamated or annexed municipal territories, then the person should notify the OEB within 90 days of the date that the change takes effect to have the certificate amended to reflect the change. The OEB will not as a matter of course amend the territory covered by the person's existing certificate to include any additional service area that was added to the municipality through the amalgamation or annexation. The certificate would be amended to include the metes and bounds of the person's existing certificate. However, the certificate holder could also apply for a new certificate that would include any additional service area within the newly amalgamated territories.

7. Given that Enbridge Gas already holds the CPCN rights for all the lands that now make up the Town of Collingwood (through our existing F.B.C. 96 and F.B.C. 265 CPCNs), there is no change to overall existing CPCN rights held by Enbridge Gas in this area. Enbridge Gas is not aware of any other person holding a CPCN for any part of the current Town of Collingwood.
8. Enbridge Gas currently has franchise agreements with and CPCNs for the Town of The Blue Mountains, the Township of Clearview and the Town of Wasaga Beach which are immediately adjacent to the Town of Collingwood. Enbridge Gas is not aware of any other natural gas distributor within or in the areas adjacent to the Town of Collingwood.
9. The contact information of the Town of Collingwood is as follows:

Town of Collingwood
97 Hurontario Street
Collingwood, ON L9Y 3Z5
Attention: Sara Almas, Director of Legislative Services / Clerk
Telephone: (705) 445-1030
Email: clerk@collingwood.ca

The contact information for Enbridge Gas' regional operations office is:

Enbridge Gas Inc.
6 Colony Court
Brampton, ON L6T 4E4
Attention: David Edwards, Director, Regional Operations
Email: david.edwards@enbridge.com

10. Enbridge Gas believes that publishing a Notice in a local newspaper, on the OEB web site, on the Enbridge Gas' web site and on the municipality's web site will provide a broad awareness of this application. The newspaper used by the Municipality for its notices is the *Collingwood Today*.
11. Enbridge Gas now applies to the Ontario Energy Board for an Order pursuant to s.8 of the *Municipal Franchises Act* cancelling and superseding the F.B.C. 96 Certificate of Public Convenience and Necessity related to the Town of Collingwood and those parts of the F.B.C. 265 Certificate of Public Convenience and Necessity related to the parts of the former Township of Nottawasaga annexed to the Town of Collingwood and replacing them with a Certificate of Public Convenience and Necessity to construct works to supply natural gas in the current Town of Collingwood.

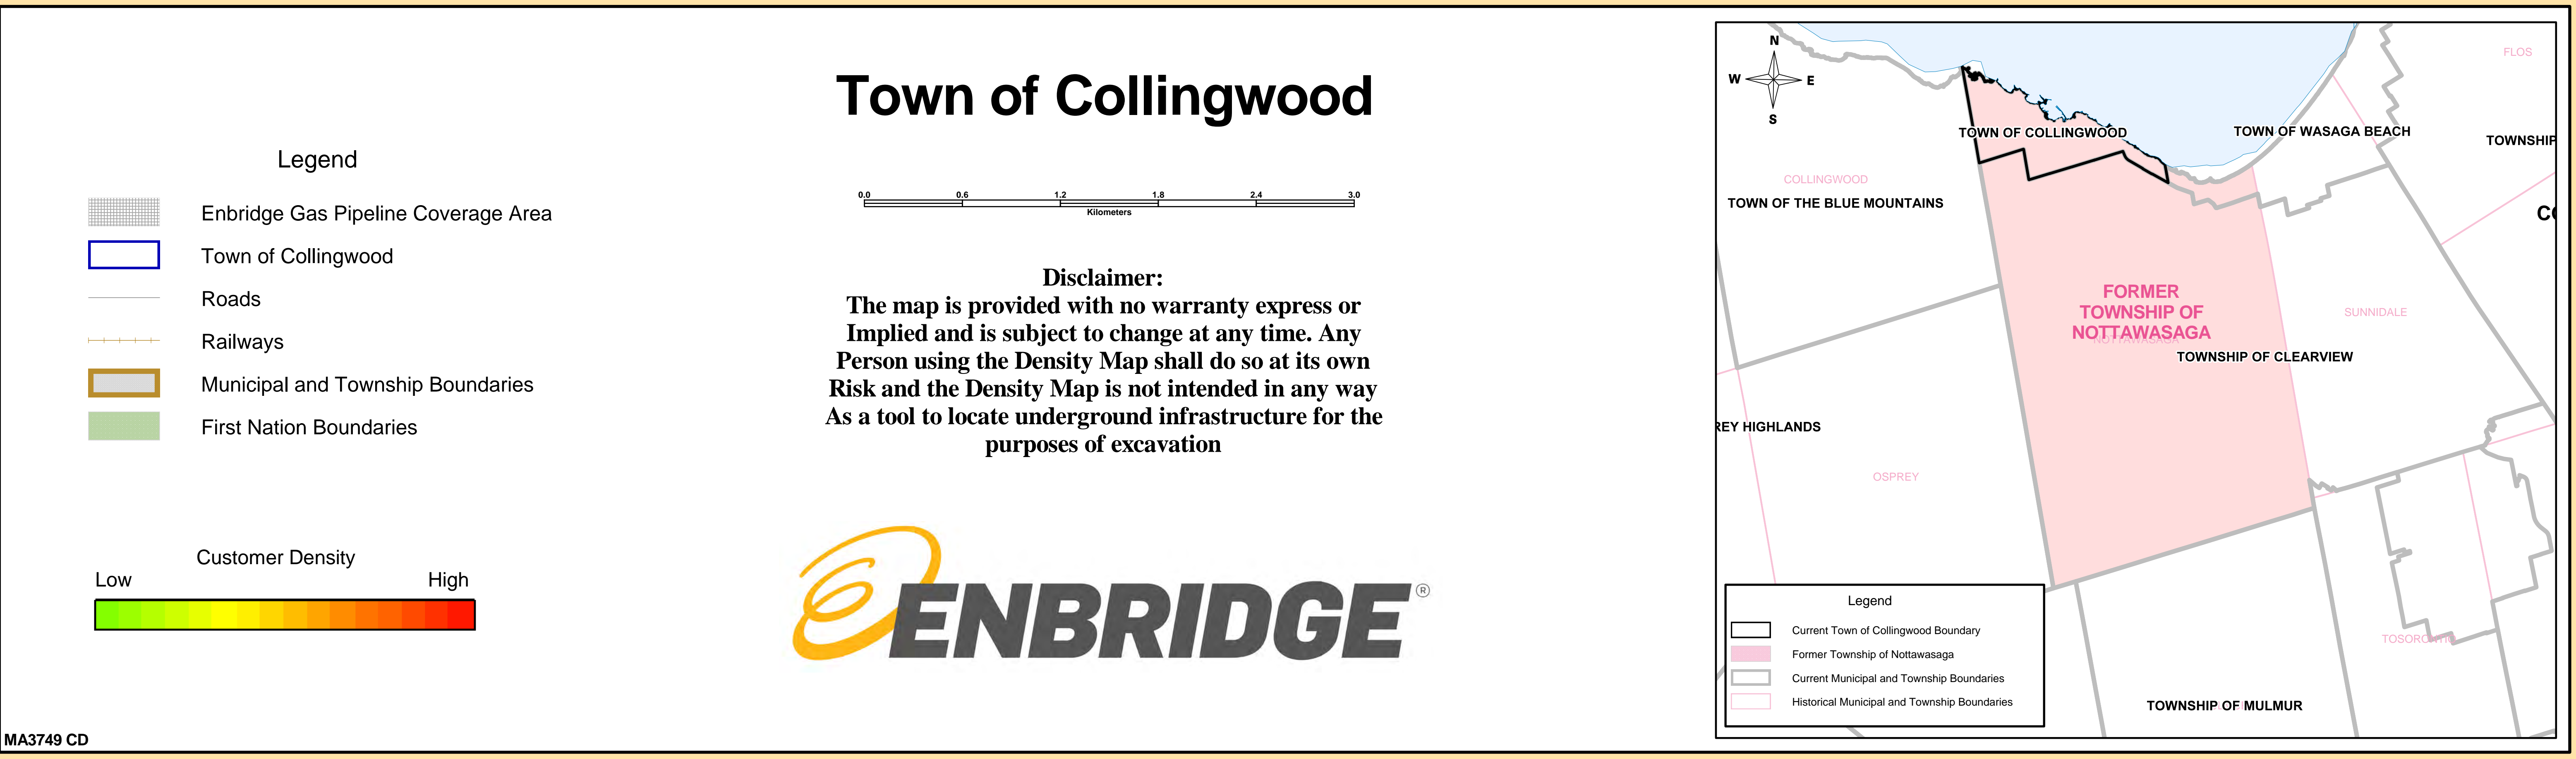

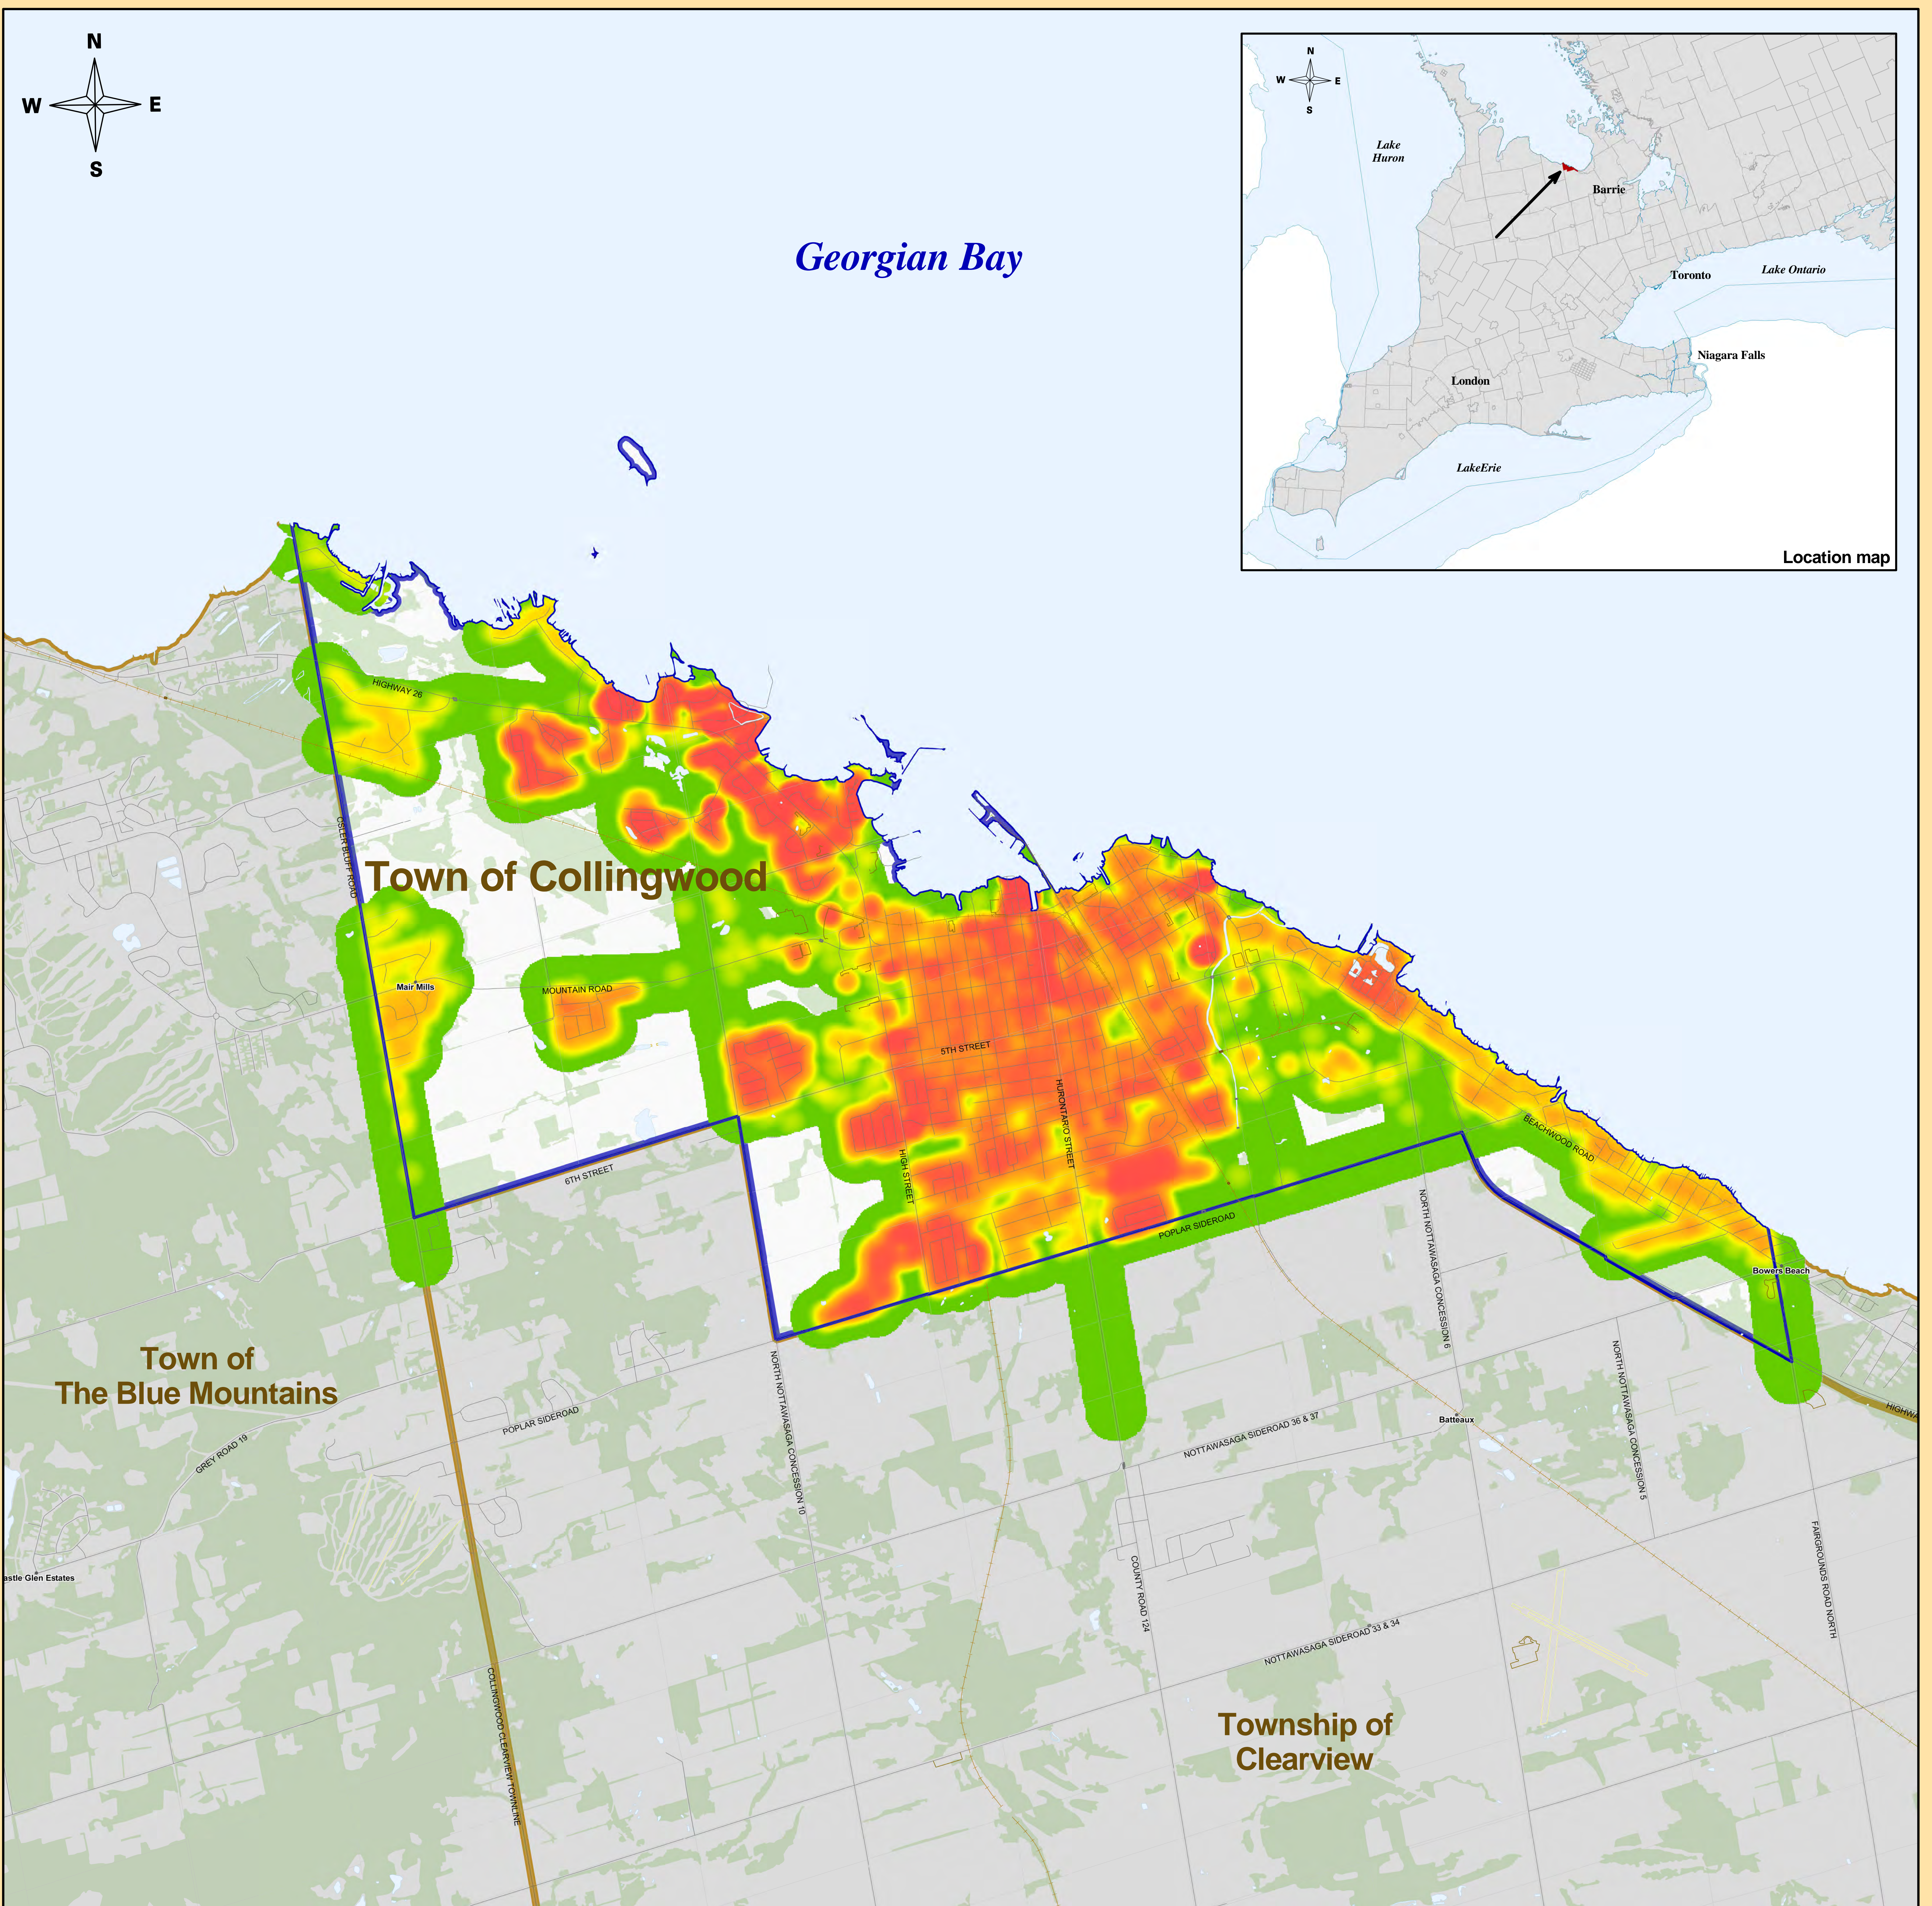

DATED at the Municipality of Chatham-Kent, in the Province of Ontario this 3rd day of October, 2024.

ENBRIDGE GAS INC.

**BY-LAW No. 2017-064
OF THE
CORPORATION OF THE TOWN OF COLLINGWOOD**

**A BY-LAW TO AUTHORIZE A MODEL FRANCHISE AGREEMENT
BETWEEN THE CORPORATION OF THE TOWN OF COLLINGWOOD AND
ENBRIDGE GAS DISTRIBUTION INC.**

WHEREAS the Municipal Act, 2001, S.O. 2001 c. 25, as amended, authorizes municipalities to enter into agreements respecting matters within their jurisdiction;

AND WHEREAS the Council of the Corporation of the Town of Collingwood deems it expedient to enter into the attached Model Franchise Agreement with Enbridge Gas Distribution Inc.;

AND WHEREAS the Ontario Energy Board by its Order issued pursuant to The Municipal Franchises Act on the 20th day of July, 2017 has approved the terms and conditions upon which and the period for which the franchise provided for in the attached agreement is proposed to be granted, and has declared and directed that the assent of the municipal electors in respect of this By-law is not necessary;

NOW THEREFORE THE COUNCIL OF THE CORPORATION OF THE TOWN OF COLLINGWOOD HEREBY ENACTS AS FOLLOWS:

1. **THAT** the Model Franchise Agreement between the Corporation of the Town of Collingwood and Enbridge Gas Distribution Inc. be hereby authorized and the franchise provided for therein is hereby granted.
2. **THAT** the Mayor and the Clerk are hereby authorized and instructed on behalf of the Corporation to enter into and execute under its corporate seal and deliver the aforesaid agreement, which agreement is hereby incorporated into and shall form part of this By-law.
3. **THAT** this by-law shall come into full force and effect on the date of final passage hereof at which time all by-laws that are inconsistent with the provisions of this by-law and the same are hereby amended insofar as it is necessary to give effect to the provisions of this by-law.

ENACTED AND PASSED this 21st day of August, 2017.

Model Franchise Agreement

THIS AGREEMENT effective this 21st day of August, 2017.

BETWEEN: The Corporation of The Town of Collingwood hereinafter called the
"Corporation"

- and -

Enbridge Gas Distribution Inc. hereinafter called the "Gas Company"

WHEREAS the Gas Company desires to distribute, store and transmit gas in the Municipality upon the terms and conditions of this Agreement;

AND WHEREAS by by-law passed by the Council of the Corporation (the "By-law"), the duly authorized officers have been authorized and directed to execute this Agreement on behalf of the Corporation;

THEREFORE the Corporation and the Gas Company agree as follows:

Part I - Definitions

1. In this Agreement:

- a. "decommissioned" and "decommissions" when used in connection with parts of the gas system, mean any parts of the gas system taken out of active use and purged in accordance with the applicable CSA standards and in no way affects the use of the term 'abandoned' pipeline for the purposes of the Assessment Act;
- b. "Engineer/Road Superintendent" means the most senior individual employed by the Corporation with responsibilities for highways within the Municipality or the person designated by such senior employee or such other person as may from time to time be designated by the Council of the Corporation;
- c. "gas" means natural gas, manufactured gas, synthetic natural gas, liquefied petroleum gas or propane-air gas, or a mixture of any of them, but does not include a liquefied petroleum gas that is distributed by means other than a pipeline;
- d. "gas system" means such mains, plants, pipes, conduits, services, valves, regulators, curb boxes, stations, drips or such other equipment

as the Gas Company may require or deem desirable for the distribution, storage and transmission of gas in or through the Municipality;

- e. "highway" means all common and public highways and shall include any bridge, viaduct or structure forming part of a highway, and any public square, road allowance or walkway and shall include not only the travelled portion of such highway, but also ditches, driveways, sidewalks, and sodded areas forming part of the road allowance now or at any time during the term hereof under the jurisdiction of the Corporation;
- f. "Model Franchise Agreement" means the form of agreement which the Ontario Energy Board uses as a standard when considering applications under the Municipal Franchises Act. The Model Franchise Agreement may be changed from time to time by the Ontario Energy Board;
- g. "Municipality" means the territorial limits of the Corporation on the date when this Agreement takes effect, and any territory which may thereafter be brought within the jurisdiction of the Corporation;
- h. "Plan" means the plan described in Paragraph 5 of this Agreement required to be filed by the Gas Company with the Engineer/Road Superintendent prior to commencement of work on the gas system; and
- i. whenever the singular, masculine or feminine is used in this Agreement, it shall be considered as if the plural, feminine or masculine has been used where the context of the Agreement so requires.

Part II - Rights Granted

- 2. To provide gas service:

The consent of the Corporation is hereby given and granted to the Gas Company to distribute, store and transmit gas in and through the Municipality to the Corporation and to the inhabitants of the Municipality.

3. To Use Highways.

Subject to the terms and conditions of this Agreement the consent of the Corporation is hereby given and granted to the Gas Company to enter upon all highways now or at any time hereafter under the jurisdiction of the Corporation and to lay, construct, maintain, replace, remove, operate and repair a gas system for the distribution, storage and transmission of gas in and through the Municipality.

4. Duration of Agreement and Renewal Procedures.

- a. If the Corporation has not previously received gas distribution services, the rights hereby given and granted shall be for a term of 20 years from the date of final passing of the By-law.

or

- b. If the Corporation has previously received gas distribution services, the rights hereby given and granted shall be for a term of 20 years from the date of final passing of the By-law provided that, if during the 20-year term this Agreement, the Model Franchise Agreement is changed, then on the 7th anniversary and on the 14th anniversary of the date of the passing of the By-law, this Agreement shall be deemed to be amended to incorporate any changes in the Model Franchise Agreement in effect on such anniversary dates. Such deemed amendments shall not apply to alter the 20-year term.
- c. At any time within two years prior to the expiration of this Agreement, either party may give notice to the other that it desires to enter into negotiations for a renewed franchise upon such terms and conditions as may be agreed upon. Until such renewal has been settled, the terms and conditions of this Agreement shall continue, notwithstanding the expiration of this Agreement. This shall not preclude either party from applying to the Ontario Energy Board for a renewal of the Agreement pursuant to section 10 of the Municipal Franchises Act.

Part III - Conditions

5. Approval of Construction

- a. The Gas Company shall not undertake any excavation, opening or work which will disturb or interfere with the surface of the travelled portion of any highway unless a permit therefor has first been obtained from the Engineer/Road Superintendent and all work done by the Gas Company shall be to his satisfaction.
- b. Prior to the commencement of work on the gas system, or any extensions or changes to it (except service laterals which do not interfere with municipal works in the highway), the Gas Company shall file with the Engineer/Road Superintendent a Plan, satisfactory to the Engineer/Road Superintendent, drawn to scale and of sufficient detail considering the complexity of the specific locations involved, showing the highways in which it proposes to lay its gas system and the particular parts thereof it proposes to occupy.
- c. The Plan filed by the Gas Company shall include geodetic information for a particular location:
 - i. where circumstances are complex, in order to facilitate known projects, including projects which are reasonably anticipated by the Engineer/Road Superintendent, or
 - ii. when requested, where the Corporation has geodetic information for its own services and all others at the same location.
- d. The Engineer/Road Superintendent may require sections of the gas system to be laid at greater depth than required by the latest CSA standard for gas pipeline systems to facilitate known projects or to correct known highway deficiencies.
- e. Prior to the commencement of work on the gas system, the Engineer/Road Superintendent must approve the location of the work as shown on the Plan filed by the Gas Company, the timing of the work and any terms and conditions relating to the installation of the work.
- f. In addition to the requirements of this Agreement, if the Gas Company proposes to affix any part of the gas system to a bridge, viaduct or other structure, if the Engineer/Road Superintendent approves this proposal, he may require the Gas Company to comply with special

conditions or to enter into a separate agreement as a condition of the approval of this part of the construction of the gas system.

- g. Where the gas system may affect a municipal drain, the Gas Company shall also file a copy of the Plan with the Corporation's Drainage Superintendent for purposes of the Drainage Act, or such other person designated by the Corporation as responsible for the drain.
- h. The Gas Company shall not deviate from the approved location for any part of the gas system unless the prior approval of the Engineer/Road Superintendent to do so is received.
- i. The Engineer/Road Superintendent's approval, where required throughout this Paragraph, shall not be unreasonably withheld.
- j. The approval of the Engineer/Road Superintendent is not a representation or warranty as to the state of repair of the highway or the suitability of the highway for the gas system.

6. As Built Drawings

The Gas Company shall, within six months of completing the installation of any part of the gas system, provide two copies of "as built" drawings to the Engineer/Road Superintendent. These drawings must be sufficient to accurately establish the location, depth (measurement between the top of the gas system and the ground surface at the time of installation) and distance of the gas system. The "as built" drawings shall be of the same quality as the Plan and, if the approved pre-construction plan included elevations that were geodetically referenced, the "as built" drawings shall similarly include elevations that are geodetically referenced. Upon the request of the Engineer/Road Superintendent, the Gas Company shall provide one copy of the drawings in an electronic format and one copy as a hard copy drawing.

7. Emergencies

In the event of an emergency involving the gas system, the Gas Company shall proceed with the work required to deal with the emergency, and in any instance where prior approval of the Engineer/Road Superintendent is normally required for the work, the Gas Company shall use its best efforts to immediately notify the Engineer/Road Superintendent of the location and nature of the emergency and the work being done and, if it deems appropriate, notify the police force, fire or other emergency services having jurisdiction. The Gas Company shall provide the Engineer/Road Superintendent with at least one 24 hour emergency contact for the Gas Company and shall ensure the contacts are current.

8. Restoration

The Gas Company shall well and sufficiently restore, to the reasonable satisfaction of the Engineer/Road Superintendent, all highways, municipal works or improvements which it may excavate or interfere with in the course of laying, constructing, repairing or removing its gas system, and shall make good any settling or subsidence thereafter caused by such excavation or interference. If the Gas Company fails at any time to do any work required by this Paragraph within a reasonable period of time, the Corporation may do or cause such work to be done and the Gas Company shall, on demand, pay the Corporation's reasonably incurred costs, as certified by the Engineer/Road Superintendent.

9. Indemnification

The Gas Company shall, at all times, indemnify and save harmless the Corporation from and against all claims, including costs related thereto, for all damages or injuries including death to any person or persons and for damage to any property, arising out of the Gas Company operating, constructing, and maintaining its gas system in the Municipality, or utilizing its gas system for the carriage of gas owned by others. Provided that the Gas Company shall not be required to indemnify or save harmless the Corporation from and against claims, including costs related thereto, which it may incur by reason of damages or injuries including death to any person or persons and for damage to any property, resulting from the negligence or wrongful act of the Corporation, its servants, agents or employees.

10. Insurance

- a. The Gas Company shall maintain Comprehensive General Liability Insurance in sufficient amount and description as shall protect the Gas Company and the Corporation from claims for which the Gas Company is obliged to indemnify the Corporation under Paragraph 9. The insurance policy shall identify the Corporation as an additional named insured, but only with respect to the operation of the named insured (the Gas Company). The insurance policy shall not lapse or be cancelled without sixty (60) days' prior written notice to the Corporation by the Gas Company.
- b. The issuance of an insurance policy as provided in this Paragraph shall not be construed as relieving the Gas Company of liability not covered by such insurance or in excess of the policy limits of such insurance.

- c. Upon request by the Corporation, the Gas Company shall confirm that premiums for such insurance have been paid and that such insurance is in full force and effect.

11. Alternative Easement

The Corporation agrees, in the event of the proposed sale or closing of any highway or any part of a highway where there is a gas line in existence, to give the Gas Company reasonable notice of such proposed sale or closing and, if it is feasible, to provide the Gas Company with easements over that part of the highway proposed to be sold or closed sufficient to allow the Gas Company to preserve any part of the gas system in its then existing location. In the event that such easements cannot be provided, the Corporation and the Gas Company shall share the cost of relocating or altering the gas system to facilitate continuity of gas service, as provided for in Paragraph 12 of this Agreement.

12. Pipeline Relocation

- a. If in the course of constructing, reconstructing, changing, altering or improving any highway or any municipal works, the Corporation deems that it is necessary to take up, remove or change the location of any part of the gas system, the Gas Company shall, upon notice to do so, remove and/or relocate within a reasonable period of time such part of the gas system to a location approved by the Engineer/Road Superintendent.
- b. Where any part of the gas system relocated in accordance with this Paragraph is located on a bridge, viaduct or structure, the Gas Company shall alter or relocate that part of the gas system at its sole expense.
- c. Where any part of the gas system relocated in accordance with this Paragraph is located other than on a bridge, viaduct or structure, the costs of relocation shall be shared between the Corporation and the Gas Company on the basis of the total relocation costs, excluding the value of any upgrading of the gas system, and deducting any contribution paid to the Gas Company by others in respect to such relocation; and for these purposes, the total relocation costs shall be the aggregate of the following:
 - i. the amount paid to Gas Company employees up to and including field supervisors for the hours worked on the project plus the current cost of fringe benefits for these employees,

- ii. the amount paid for rental equipment while in use on the project and an amount, charged at the unit rate, for Gas Company equipment while in use on the project,
 - iii. the amount paid by the Gas Company to contractors for work related to the project,
 - iv. the cost to the Gas Company for materials used in connection with the project, and
 - v. a reasonable amount for project engineering and project administrative costs which shall be 22.5% of the aggregate of the amounts determined in items (i), (ii), (iii) and (iv) above.
- d. The total relocation costs as calculated above shall be paid 35% by the Corporation and 65% by the Gas Company, except where the part of the gas system required to be moved is located in an unassumed road or in an unopened road allowance and the Corporation has not approved its location, in which case the Gas Company shall pay 100% of the relocation costs.

Part IV - Procedural And Other Matters

13. Municipal By-laws of General Application

The Agreement is subject to the provisions of all regulating statutes and all municipal by-laws of general application, except by-laws which have the effect of amending this Agreement.

14. Giving Notice

Notices may be delivered to, sent by facsimile or mailed by prepaid registered post to the Gas Company at its head office or to the authorized officers of the Corporation at its municipal offices, as the case may be.

15. Disposition of Gas System

- a. If the Gas Company decommissions part of its gas system affixed to a bridge, viaduct or structure, the Gas Company shall, at its sole expense, remove the part of its gas system affixed to the bridge, viaduct or structure.
- b. If the Gas Company decommissions any other part of its gas system, it shall have the right, but is not required, to remove that part of its gas system. It may exercise its right to remove the decommissioned parts of its gas system by giving notice of its intention to do so by filing a Plan

as required by Paragraph 5 of this Agreement for approval by the Engineer/Road Superintendent. If the Gas Company does not remove the part of the gas system it has decommissioned and the Corporation requires the removal of all or any part of the decommissioned gas system for the purpose of altering or improving a highway or in order to facilitate the construction of utility or other works in any highway, the Corporation may remove and dispose of so much of the decommissioned gas system as the Corporation may require for such purposes and neither party shall have recourse against the other for any loss, cost, expense or damage occasioned thereby. If the Gas Company has not removed the part of the gas system it has decommissioned and the Corporation requires the removal of all or any part of the decommissioned gas system for the purpose of altering or improving a highway or in order to facilitate the construction of utility or other works in a highway, the Gas Company may elect to relocate the decommissioned gas system and in that event Paragraph 12 applies to the cost of relocation.

16. Use of Decommissioned Gas System

- a. The Gas Company shall provide promptly to the Corporation, to the extent such information is known:
 - i. the names and addresses of all third parties who use decommissioned parts of the gas system for purposes other than the transmission or distribution of gas; and
 - ii. the location of all proposed and existing decommissioned parts of the gas system used for purposes other than the transmission or distribution of gas.
- b. The Gas Company may allow a third party to use a decommissioned part of the gas system for purposes other than the transmission or distribution of gas and may charge a fee for that third party use, provided
 - i. the third party has entered into a municipal access agreement with the Corporation; and
 - ii. the Gas Company does not charge a fee for the third party's right of access to the highways.
- c. Decommissioned parts of the gas system used for purposes other than the transmission or distribution of gas are not subject to the provisions of this Agreement. For decommissioned parts of the gas system used for purposes other than the transmission and distribution of gas, issues

such as relocation costs will be governed by the relevant municipal access agreement.

17. Franchise Handbook

The Parties acknowledge that operating decisions sometimes require a greater level of detail than that which is appropriately included in this Agreement. The Parties agree to look for guidance on such matters to the Franchise Handbook prepared by the Association of Municipalities of Ontario and the gas utility companies, as may be amended from time to time.

18. Agreement Binding Parties

This Agreement shall extend to, benefit and bind the parties thereto, their successors and assigns, respectively.

IN WITNESS WHEREOF the parties have executed this Agreement effective from the date written above.

ORDER

The Consumers' Gas Company Ltd. ("Consumers Gas") filed with the Ontario Energy Board ("the Board") an Application dated January 22, 1997 ("the Application") under section 8 of the Municipal Franchises Act, for a certificate of public convenience and necessity to construct works to supply gas and to supply gas in the Township of Clearview.

The Notice of Application, dated March 14, 1997, was served in accordance with the Board's Letter of Direction. The Board issued Procedural Order No.1 on April 11, 1997 which established a schedule for interrogatories. A Notice of Hearing providing the date and time of the hearing was issued on June 2, 1997.

- 2 -

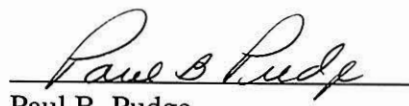

The Application was heard in Toronto on June 12 and 13, 1997 in the presence of counsel for Consumers Gas and counsel for Board Staff. The Board issued a decision on June 27, 1997, finding the Application to be in the public interest.

THE BOARD THEREFORE ORDERS THAT:

1. A Certificate of Public Convenience and Necessity ("the Certificate") is granted to Consumers Gas to construct works to supply gas and to supply gas in the Township of Clearview.
2. If Consumers Gas should fail to substantially complete construction of the gas mains proposed in the Application within twenty-four months following the issuance of the Board's Certificate, the Certificate shall expire.
3. The Board's costs shall be paid by Consumers Gas forthwith upon the issuance of the Board's invoice.

ISSUED at Toronto, July 4, 1997.

ONTARIO ENERGY BOARD

Paul B. Pudge
Board Secretary

ONTARIO ENERGY BOARD

IN THE MATTER OF *The Municipal Franchises Act*, R.S.O. 1990, c. M.55;

AND IN THE MATTER OF an application by The Consumers' Gas Company Ltd. (the "Company") for a Certificate of Public Convenience and Necessity to construct works to supply gas and to supply gas to the inhabitants of the Township of Clearview (the "Municipality").

A P P L I C A T I O N

1. The Municipality was formed as a result of the amalgamation of the Township of Nottawasaga, the Township of Sunnidale, the Town of Stayner and the Village of Creemore pursuant to the *County of Simcoe Act, 1993*.
2. The Company possesses Certificates of Public Convenience and Necessity for the former municipalities of the Township of Nottawasaga (F.B.C. 265), the Township of Sunnidale (F.B.C. 104) and the Town of Stayner (F.B.C. 93).
3. The Company does not possess a Certificate of Public Convenience and Necessity for the former municipality of the Village of Creemore.
4. The Consumers' Gas Company Ltd. hereby applies to the Ontario Energy Board (the "Board") pursuant to the provisions of *The Municipal Franchises Act*, R.S.O. 1990, c. M.55 (the "Act") for a Certificate of Public Convenience and Necessity to construct works to supply gas and to supply gas to the inhabitants of the Municipality.
5. The proposed works to supply gas in the Municipality are and will be required for present and future public convenience and necessity.

6. The persons affected by this Application are the Municipality and the residents of the Municipality. Because of the number of such persons, it is impractical to set out herein their names and addresses.

DATED at Toronto the *22nd* day of January, 1997.
