Dear Graig Pettit:

**Re: Tillsonburg Hydro Inc.
Delay in Filing 2025 Incentive Rate Setting Mechanism (IRM) Application
Ontario Energy Board File Number: EB-2024-0056**

This letter is in response to your letter filed with the OEB on September 26, 2024, requesting an extension to the date for the filing of Tillsonburg Hydro Inc.'s (Tillsonburg Hydro) 2025 IRM application to November 20, 2024.

The OEB's [letter](#) dated June 18, 2024 provided a schedule to all distributors for the filing of their 2025 IRM applications. In accordance with that letter, Tillsonburg Hydro's application was expected to be filed with the OEB by October 30, 2024. While the OEB appreciates the timing considerations and dependencies identified by Tillsonburg Hydro in preparing its application, please be advised that any delays to the filing of Tillsonburg Hydro's application could affect the timing of the OEB's final decision and the implementation of rates on May 1, 2025.

Tillsonburg Hydro's request to file its IRM application on November 20, 2024 is granted.

Any questions regarding this matter should be directed to David Martinello, Manager, Incentive Rate Setting Mechanism Applications at David.Martinello@oeb.ca.

Yours truly,

Nancy Marconi
Registrar
