Dear Ms. Marconi:

Re: EB-2024-0200 – St. Laurent Pipeline Replacement Project

I am writing pursuant to *Procedural Order #2* to provide details on the topics that we intend to address at the technical conference and our time estimate.

Environmental Defence plans to ask questions further to Board Staff interrogatory 17; Environmental Defence interrogatories 5, 7, 10, 11, 12, 14, 17, and 21; and SEC interrogatory 3. Environmental Defence has questions for both the Posterity and Integral witnesses and we ask that they be present at the technical conference. We anticipate approximately 180 minutes of questions, with the greatest amount of time likely needed to explore both the Posterity and Integral models.

Yours truly,

Kent Elson
