- EB-2020-0232 - EPCOR CPCN Amendment - South-West Oxford (intervenor status granted)

Issues:

In its application, EPCOR Natural Gas Limited Partnership (EPCOR) is requesting a Limited Certificate of Public Convenience and Necessity, restricted to Concession 7 - Lots 2 and 3 (excluding municipal addresses 220 and 230 8th Concession Road) and Concession 7 – North Part of Lot 2 in the Municipality of Norfolk County. The proposed limited CPCN will enable EPCOR to supply additional natural gas to its existing large greenhouse customer (EZ Grow Farms Ltd.) that is expanding its operations within EPCOR’s service area.

The proposal is to supply the required natural gas by using Clearbeach Resources to construct a new pipeline in Norfolk County in an area that is currently covered by Enbridge Gas’ CPCN rights. Beyond the impact that this application could have on our CPCN rights within Norfolk County, Enbridge Gas wants to ensure that alternative gas supply options have been evaluated

and the proposed option is economically the best option.

Policy Interests:

Enbridge Gas has a direct interest in all matters of jurisdiction, substance and procedure in the regulation of public utilities, and in any decision of the Ontario Energy Board, which may create a precedent affecting Enbridge Gas' operations and/or rates.
