Dear Ms. Walli:

**Re: Ontario Power Generation Inc.  
Reliability Must-Run Contract for the Lennox Generating Station  
Ontario Energy Board ("OEB") File No.: (EB-2008-0298)**

---

The Ontario Power Authority is writing to express its interest in the proceeding as outlined in the OEB's Notice of Application of October 17, 2008. The Ontario Power Authority is seeking to participate in this proceeding as an intervenor. The OPA notes that the Board in Procedural Order No. 1 states that it "wishes to further examine the issue of the need for Lennox as a reliability must-run resource beyond September 30, 2009" and expresses a particular interest in the views of the Ontario Power Authority and the IESO. The OPA agrees with the Board that it is appropriate to examine this issue in the current proceeding.

Please provide a copy of all relevant communications to my attention at the address above or through e:mail at miriam.heinz@powerauthority.on.ca.

Yours truly,

Miriam Heinz  
Regulatory Coordinator
