

NOTICE OF A RATE HEARING

ERTH Power Corporation has applied to increase its electricity distribution rates effective May 1, 2025

The respective rate increases are set using an OEB-approved formula, which is tied to inflation and other factors intended to promote efficiency. If the application is approved as filed, a typical residential customer and a typical general service customer of ERTH Power Corporation would see the following increases:

Rate Class	Main Rate Zone	Goderich Rate Zone
Residential (750 kWh)	\$1.20 per month	\$1.27 per month
General Service less than 50kW (2,000 kWh)	\$1.86 per month	\$2.03 per month

Other customers, including businesses, will also be affected. It's important to review the application carefully to determine whether you may be affected by the proposed changes.

ERTH Power Corporation has also requested incremental capital funding to support the purchase of property, design, construction, and furnishing of a new administrative and operational facility. The bill increases in the table above do not include the impact of the requested incremental capital funding.
