Dear Ms. Marconi,

**RE: EB-2024-0129 Advancing Performance-based Regulation
Energy Probe Participation and Cost Award Eligibility Request**

Energy Probe Research Foundation (Energy Probe) hereby applies for participation and cost award eligibility in the EB-2024-0129 Advancing Performance-based Regulation consultation including the Stakeholder Meeting on November 19, 2024.

.

Statement of Interest

Energy Probe is a frequent intervenor in OEB proceedings and a participant in its consultations. Energy Probe was a participant in past OEB consultations that resulted in the development of Performance Based Regulation. Its current annual filing can be found at:

<https://www.rds.oeb.ca/CMWebDrawer/Record/845745/File/document>

Members and supporters of Energy Probe are customers of Ontario electricity distributors and have an interest in the outcome of the ICM Policy consultation.

Cost Award Eligibility

Energy Probe is a non-profit organization which relies on individual donations to help protect the interest of its members and supporters. Without the prospect of an award of costs, Energy Probe's ability to participate in consultations would be limited. Energy Probe intends to seek a cost award for its participation in this consultation. As an organization representing the direct interests of electricity consumers it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure and its Practice Direction on Cost Awards.
