## DECISION AND ORDER

TransAlta (SC) Inc. on behalf of TransAlta (SC) L.P. (TransAlta) filed an application on September 11, 2024, with the Ontario Energy Board (OEB) under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for renewal of its electricity retailer licence ER-2019-0274, which is set to expire on January 22, 2025. The licence would allow the applicant to continue to retail electricity to large volume industrial consumers.

This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

After considering the application and assessing the applicant's technical capability, financial viability, and conduct, the OEB finds that it is in the public interest to grant the application and issue an electricity retailer licence to TransAlta.

### IT IS ORDERED THAT:

1. The application for an electricity retailer licence (large volume consumers only) is granted, on such conditions as are contained in the attached licence.
