Dear Nancy Marconi:

**Re: Enbridge Gas Inc. ("Enbridge Gas" or the "Company")  
Ontario Energy Board ("OEB") File No.: EB-2023-0175  
Watford Pipeline Project ("Project")  
Notice of Project In-service Date**

---

On March 7, 2024, the OEB issued its Decision and Order for the above noted proceeding which included, as Schedule B, several Conditions of Approval.

Per Condition 2 (b)(iv) of the Conditions of Approval, Enbridge Gas shall give the OEB notice in writing of the in-service date, no later than 10 days after the facilities go into service. Enbridge Gas is therefore advising the OEB that all the facilities went into service on November 15, 2024.

Per Condition 2 (b)(ii) of the Conditions of Approval, Enbridge Gas shall give the OEB notice in writing of the planned in-service date, at least 10 days prior to the date the facilities go into service. Enbridge Gas wishes to acknowledge that the 10-day prior notification of the in-service date condition was missed inadvertently, as the project was completed and went into service slightly earlier than the required in-service date in December 2024 as described in Exhibit D, Tab 1, Schedule 1 of the Company's pre-filed evidence.

Please contact me if you have any questions.

Yours truly,
