Dear Steven Head:

**Re: EB-2024-0052 Renfrew Hydro Inc. - Application for 2025 Rates**

Please be advised that the Ontario Energy Board (OEB) has completed its review of your 2025 Price Cap IR application, filed on August 15, 2024.

Attached to this letter is a draft of the OEB's decision and rate order, for your prompt review. The attached Rate Generator Model reflects updates, as appropriate, for preliminary Uniform Transmission Rates, Hydro One Networks Inc. proposed host Retail Transmission Service Rates, and microFIT charge, as outlined in the OEB's November 1, 2024 and November 19, 2024 letters. Within seven days, please advise the OEB, in writing, whether or not you have identified any concerns (e.g., typographical or transposition errors, omissions, need for clarification, etc.) with respect to the draft decision and rate order.

The OEB will consider any identified concerns prior to issuing a final decision and rate order in due course.

Your comments or confirmations should be directed to the attention of the Registrar and be received no later than 4:45 p.m. on the required date.

Yours truly,

Nancy Marconi  
Registrar
