EB-2024-0111 Enbridge 2024 Rebasing Application – Phase 2
Pollution Probe Hearing Panels Estimate

Dear Ms. Marconi:

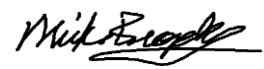

OEB Staff has requested an estimate from parties for the upcoming hearing. The Enbridge panel breakdown and composition has not been provided and Pollution Probe has provided the aggregate panel estimate assuming that there would be one Enbridge panel. Please note that time may need to be adjusted between issues as necessary, but Pollution Probe will strive to remain in the total estimate envelope.

Panel	Issues	Time Estimate
Enbridge	<ul style="list-style-type: none"> Issue 8) Are the proposed scorecard Performance Metrics and Measurement targets for the amalgamated utility, including the proposed change to the calculation of the Meter Reading Performance Measurement, appropriate? Issue 17) Are the specific proposals to amend the Voluntary RNG Program and to procure low-carbon energy as part of the gas supply commodity portfolio, appropriate? Issue 7) How should Enbridge Gas be incentivized to implement economic alternatives to gas infrastructure and how should the recovery of its costs be treated? 	120 minutes
Current Energy Group	<ul style="list-style-type: none"> Issue 7) How should Enbridge Gas be incentivized to implement economic alternatives to gas infrastructure and how should the recovery of its costs be treated? 	60 minutes

Panel	Issues	Time Estimate
Energy Futures Group	<ul style="list-style-type: none">Issue 17) Are the specific proposals to amend the Voluntary RNG Program and to procure low-carbon energy as part of the gas supply commodity portfolio, appropriate?	60 minutes

Please reach out should you have any questions.

Respectfully submitted on behalf of Pollution Probe.
