Dear Ms. Marconi:

Re: SYNERGY NORTH CORPORATION – Application to Amend Licensed Service Area-ED-2018-0233

Please be advised that SYNERGY NORTH CORPORATION (“SNC”), Licence # ED-2018-0233 is seeking approval from the Ontario Energy Board (“OEB”) to amend SNC’s Licence in accordance pursuant to subsection 74(1) of the Act with respect to the service area boundary. A request has been made to have SNC supply electricity to the subject lands. SNC is not the geographic distributor for that area, and this application is submitted with the consent of the affected distributor, Hydro One Networks Inc.

We believe this application meets all requirements for a service area amendment, meets the needs for economic efficiency, and that the proposed amendment is in the public interest having regard to the objectives of the Board in Section 1.(1).1 of the Act.

SNC requests that the Board proceed with this Application without a hearing, pursuant to subsection 21(4) of the Ontario Energy Board Act, 1998.

Thank you for your consideration and should you require anything further, please feel free to contact this office.

Sincerely,

Janice Robertson
