Dear Suzanne Wilison:

**Re: EB-2024-0043 Niagara Peninsula Energy Inc. Application for 2025 Rates**

The Ontario Energy Board (OEB) provided a draft Decision and Rate Order and a draft Tariff of Rates and Charges in relation to the above-noted proceeding on November 29, 2024. On December 2, 2024, in its comments on the drafts, Niagara Peninsula Energy Inc. (Niagara Peninsula Energy) noted that for the Tariff of Rates and Charges for the Embedded Distributor Rate class, the descriptions for the Deferral and Variance Account Rate Riders and Capacity Based Recovery (“CBR”) Rate Riders should have the names of the specific installations.

The OEB has updated the descriptions to add the specific installations of the Embedded Distributor Rate class for the Deferral and Variance Rate Riders and CBR Rate Riders.

The OEB has now issued a final Decision and Rate Order, together with a final Tariff of Rates and Charges. Copies of these documents are enclosed with this letter.

Yours truly,

Nancy Marconi  
Registrar
