Dear Stephen Vetsis:

**Re: EB-2024-0016 - Elexicon Energy Inc Application for 2025 Rates**

The Ontario Energy Board (OEB) provided a draft Decision and Rate Order and a draft Tariff of Rates and Charges in relation to the above-noted proceeding on November 29, 2024. On December 6, 2024, in its comments on the drafts, Elexicon Energy Inc. (Elexicon Energy) noted the following:

### **Whitby Rate Zone**

1. There was a typographical error in the “Rate Rider for Recovery of Incremental Capital (2023) - effective until in effect from April 1, 2025, until the effective date of the next cost of service-based rate order”. Elexicon Energy noted that the name should have removed “effective until” so the rate rider would read as “Rate Rider for Recovery of Incremental Capital (2023) – in effect from April 1, 2025, until the effective date of the next cost of service-based rate order”.
2. On the Retail Service Charges tariff sheet, the “Notice of Switch Letter...” charge was not updated for the 3.6% inflation factor. The charge should read as \$2.42 instead of \$2.34.

### **Veridian Rate Zone**

1. For the Sentinel Lighting rate class, the reference to “per light” was missing for the Service Charge and, instead should read as “Service Charge (per light)”.

The OEB accepts the recommended changes listed above.

Please note that in addition to the above accepted required modifications, the OEB has also updated the Rural or Remote Electricity Rate Protection charge from \$0.0014 kWh to \$0.0015 kWh.

The OEB has now issued a final Decision and Rate Order, together with a final Tariff of Rates and Charges. Copies of these documents are enclosed with this letter.

Yours truly,
