Dear Oana Stefan:

Re: EB-2024-0011 Canadian Niagara Power Inc. Application for 2025 Rates

The Ontario Energy Board (OEB) provided a draft Decision and Rate Order and a draft Tariff of Rates and Charges in relation to the above-noted proceeding on November 29, 2024. On December 6, 2024, in its comments on the drafts, Canadian Niagara Power Inc. (CNPI) indicated that the "Notice of switch letter charge..." reported for the 2025 rate year in the "Final Tariff Schedule" should align with the "Notice of switch letter charge..." in the "Regulatory Charges" tab of the Rate Generator Model. CNPI noted that the charge should be \$2.42 instead of \$2.32.

The OEB has revised the "Final Tariff Schedule" to reflect a "Notice of switch letter charge..." that aligns with the \$2.42 charge in the Rate Generator Model.

The OEB has now issued a final Decision and Rate Order, together with a final Tariff of Rates and Charges. Copies of these documents are enclosed with this letter.

Yours truly,

Nancy Marconi
