Dear Ms. Innis:

**RE: Enbridge Gas Inc. (Enbridge Gas)
2024 Rebasing Application, Phase 2
Ontario Energy Board File Number: EB-2024-0111
OEB Response to Enbridge Gas Letter**

In Procedural Order 9, the OEB stated:

Enbridge Gas also provided OEB staff and parties with its proposed witness panels for the hearing. Enbridge Gas is proposing a witness panel to respond to Environmental Defence's evidence related to revenue decoupling from customer numbers. The OEB requires that Enbridge Gas file with the OEB a written outline of the evidence from this responding witness panel by December 11, 2024. This will assist the OEB and the parties in preparing for the hearing.

On December 11, 2024, Enbridge Gas filed its response to the OEB's direction. Enbridge Gas advised that it was proposing a panel of seven witnesses and was not planning any evidence in chief. Enbridge Gas did not provide any further information that would disclose its view of the evidence filed by Environmental Defence. As directed by the OEB, Environmental Defence filed further evidence.

The response by Enbridge Gas does not comply with the OEB's direction.

By 12:00 noon, December 16, 2024, the OEB orders Enbridge Gas to provide:

- (a) The names and CVs of the seven proposed witnesses setting out the scope of their experience in relation to the issue addressed in the Environmental Defence evidence, and
- (b) An outline of Enbridge Gas's reply to the evidence filed by Environmental Defence, including the additional evidence provided by Environmental Defence on December 11, 2024. The outline shall describe the position Enbridge Gas takes on the Environmental Defence evidence and the basis and rationale for its position.

Yours truly,

Nancy Marconi
Registrar
