Dear Jeff Klassen:

Re: EB-2024-0044 Niagara-on-the-Lake Hydro Inc. Application for 2025 Rates

The Ontario Energy Board (OEB) issued a draft Tariff of Rates and Charges in the above-noted proceeding on December 12, 2024. On December 12, 2024, in its comments on the draft Tariff of Rates and Charges, Niagara-on-the-Lake Hydro Inc. noted an inaccuracy in:

- (1) the Retail Transmission Rate - Network Service Rate - Interval Metered; and
- (2) the Retail Transmission Rate - Line and Transformation Connection Service Rate - Interval Metered for the Large Use Service Classification.

The correction can be found on page 5 of the Tariff of Rates and Charges, of which a copy is attached. The lines now read:

Retail Transmission Rate - Network Service Rate - Interval Metered	\$/kW	6.2500
Retail Transmission Rate - Line and Transformation Connection Service Rate - Interval Metered	\$/kW	1.0000

The Order, as originally issued, stated:

Retail Transmission Rate - Network Service Rate - Interval Metered	\$/kW	6.1200
Retail Transmission Rate - Line and Transformation Connection Service Rate - Interval Metered	\$/kW	0.9500

The OEB has issued a final Tariff of Rates and Charges and updated model at this time.

Any questions relating to this letter should be directed to Kelli Benincasa at Kelli.Benincasa@oeb.ca or at 416-440-7624. The OEB's toll-free number is 1-888-632-6273.

Yours truly,

Nancy Marconi
