1 INTRODUCTION AND SUMMARY

This is a Final Rate Order of the Ontario Energy Board (OEB) on an application filed by Alectra Utilities Corporation (Alectra Utilities), under section 78 of the *Ontario Energy Board Act, 1998*, to change its electricity distribution rates as of January 1, 2025.

The OEB issued a Decision and Rate Order on December 12, 2024 (Decision) with a draft Tariff of Rates and Charges setting out Alectra Utilities' new rates effective January 1, 2025. The Decision required Alectra Utilities to provide the OEB with written comments regarding the draft Tariff, by no later than December 19, 2024.

Alectra Utilities filed a letter with the OEB on December 17, 2024, that contained comments on the Tariff. In its comments, Alectra Utilities requested a number of formatting changes including adding a zero to the end of certain decimal numbers and making sure that descriptions and rates were lined up on the Tariff. The OEB has made all of these formatting changes.

In addition, there were a few instances in which the model for producing the rates had an outdated number. The OEB is making the following corrections as outlined by Alectra Utilities:

Enersource Rate Zone

Correction of Standby Charge from \$2.8390 to \$2.8930.

PowerStream Rate Zone

Correction of Sentinel Lighting: Retail Transmission Rate: Network Service Rate from \$3.5598 to \$3.5553.

Correction of Street Lighting: Retail Transmission Rate: Network Service Rate from \$4.6066 to \$4.6007

Finally, Alectra Utilities noted that for the Rural and Remote Rate Protection (RRRP), the Bill Impacts for the 2024 rate in Tab 21 was \$0.0015 and requested that this be changed to \$0.0014. The OEB notes that this affects the rate generator model and not the Tariff.

Attached to this Final Rate Order is an updated, final Tariff of Rates and Charges for Alectra Utilities' 5 rates zones.

2 RATE ORDER

The approved Tariff of Rates and Charges is attached as Schedule A to this Final Rate Order.

The new rates approved in this Final Rate Order are to be effective and implemented on January 1, 2025.

THE ONTARIO ENERGY BOARD ORDERS THAT:

1. The Tariff of Rates and Charges set out in Schedule A of this Final Rate Order is effective January 1, 2025, and is to be implemented January 1, 2025. The Tariff of Rates and Charges will apply to electricity consumed or estimated to have been consumed on and after January 1, 2025. Alectra Utilities shall notify its customers of the rate changes no later than the delivery of the first bill reflecting the new rates.

DATED at Toronto December 20, 2024
