Re:

**EB-2024-0038 - 2025 Incentive Rate Mechanism ('IRM') Application
Lakefront Utilities Inc. – Request for Extension to File Interrogatory
Responses**

Lakefront Utilities Inc. (LUI) is currently set to file the completed written responses to the interrogatories received on December 2, 2024, with the Ontario Energy Board (OEB) and serve them on intervenor parties by December 20, 2024, in accordance with Procedural Order No. 1 dated October 28, 2024.

LUI staff have made substantial progress in addressing many of the interrogatories; however, a few responses require further attention, and the unavailability of certain parties to assist has impacted on our ability to finalize them. As a result, we are unable to meet the 4:45 p.m. deadline on December 20, 2024.

Given these circumstances, LUI respectfully requests an extension of the filing deadline for most of the responses to be submitted by December 24, 2024, and for the remaining questions to be filed by January 17, 2025, when key staff are available. These extensions will allow us to provide more comprehensive and accurate responses.

We appreciate your understanding and consideration of this request. If you have any questions or require further information, please feel free to contact us. Thank you for your attention to this matter.

Sincerely,

Danielle Wakelin
Manager of Regulatory Compliance
Lakefront Utilities Inc.
