Dear Ms. Walli:

EB-2008-0219 – Enbridge Gas Distribution 2009 Rates – Hydro One Networks Intervention

In response to the Ontario Energy Board's Notice of Application dated October 20, 2008, Hydro One Networks Inc. ("Hydro One") hereby gives notice of its intention to intervene in the above-noted proceeding. Hydro One intends to participate in the proceeding as necessary to determine issues, clarify or test evidence through interrogatories, and, if required, provide submissions and/or argument on issues pertinent to its interests. Specifically, Hydro One's interest in this proceeding arises from Enbridge Gas Distribution's implementation of incentive-based rates and the potential for parallel issues in electric distributor third generation incentive-based rate setting.

Hydro One is a subsidiary of Hydro One Inc. and operates extensive electricity transmission and distribution facilities throughout Ontario. Hydro One is a major stakeholder in the Ontario energy sector and a regulated Ontario electricity distributor and transmitter. In view of significant overlaps in issues and principles involving incentive regulation, Hydro One Networks has significant interest in the issues raised in EB-2008-0219.

Hydro One is prepared to accept either a written or oral hearing process in this proceeding.

Hydro One is not eligible for and does not intend to seek an award of costs as per the Board's Cost Award Guidelines.

Finally, in respect of Enbridge Gas Distribution's proposal for a two-phase hearing process, Hydro One takes no position.

Hydro One requests that documents filed with the Board in this proceeding be served as follows –
