

NOTICE OF A HEARING

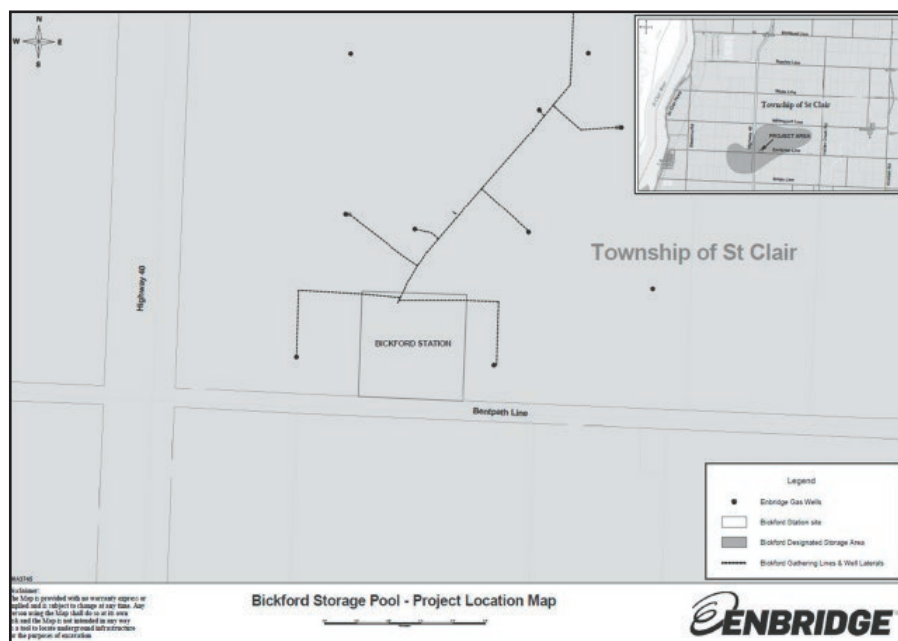

Enbridge Gas Inc. has applied to increase the maximum operating pressure in two natural gas storage pools in the Township of St. Clair in the County of Lambton

Enbridge Gas Inc. has applied to the Ontario Energy Board for approval to increase the maximum operating pressures (MOPs) in its Kimball-Colinville Storage Pool and its Bickford Storage Pool. Both pools are located in the Township of St. Clair in the County of Lambton. Increasing the MOPs of the pools will allow Enbridge Gas to increase the storage capacity of the pools. The additional storage capacity will be sold to third parties as part of the Enbridge Gas unregulated storage business. Enbridge Gas states that the proposed MOP increases would result in pressure gradients in the caprock formations that comply with applicable standards.

The location of the Kimball-Colinville Storage Pool is shown in the map:

The location of the Bickford Storage Pool is shown in the map:

This hearing will be held under section 38(1) of the **Ontario Energy Board Act, 1998**, S.O. 1998, c.15, Schedule B.
