Attention: Ms. Kirsten Walli – Board Secretary

Dear Ms. Walli,

Re: EB-2008-0219 - Enbridge Gas Distribution Inc. - Rates for 2009

In response to the Notice of Application issued by the Ontario Energy Board on October 20th, BP Canada Energy Company (“BP Canada”) respectfully requests intervenor status. BP Canada is one of the largest explorers, producers and marketers of natural gas in Canada with significant business interests in Ontario and would be affected by the requests outlined for consideration in Phase 2 of Enbridge’s proposed process.

BP Canada does not have a preference with respect to an oral or written hearing nor does it intend to seek an award of costs. BP Canada supports the proposed two-phased approach for the review of the Enbridge application. Please direct all information related to this proceeding to the contact information below.

Sincerely,
