Technical Manager, Regulation Application
Enbridge Gas Inc.
50 Keil Drive North
Chatham, Ontario N7M 5M1

Dear Mr. Wathy:

**Re: Enbridge Gas Inc. Five-year Gas Supply Plan
Ontario Energy Board File Number EB-2025-0065**

On January 15, 2025, the OEB issued the *OEB Staff Report to the OEB: Review of 2024 Annual Update to Enbridge Gas Inc. Natural Gas Supply Plan*. The OEB Staff Report recommended that the next 5-Year Gas Supply Plan should be subject to an adjudicative process by a panel of OEB Commissioners, and stated March 1, 2025 as an expected filing date. The OEB endorsed the OEB staff report.

In a letter dated January 23, 2025, Enbridge Gas stated that it would be challenging for Enbridge Gas to file its Gas Supply Plan by March 1, 2025, especially considering some of the additional information that is required. Accordingly, Enbridge Gas requested that the filing date be extended to May 1, 2025.

The OEB approves the extension to May 1, 2025 and notes that further discussions around process and how to address implications from Enbridge Gas's 2024 rates proceeding, will be scheduled in due course.

Yours truly,

Nancy Marconi
Registrar
Ontario Energy Board
