Triacta Power Technologies
7 Mill St. P.O. Box 582
Almonte, ON K0A 1A0

Dear Mr. Biggs:

**Re: Smart Sub-Metering Licence Renewal
Triacta Power Technologies – ES-2007-0943**

Your smart sub-metering licence ES-2007-0943 is due to expire on August 21, 2009.

If you wish to continue to participate in the Ontario electricity market, you are invited to file an application to renew your smart sub-metering licence. As you are aware, no person is permitted to carry out activities described in section 57 of the *Ontario Energy Board Act, 1998* (the "Act") without a licence.

To assist the Board to renew your licence in a timely manner prior to the expiry date, you are required to submit your application to the Board before April 30, 2009. A licence application form is available on our website at the following address:
<http://www.oeb.gov.on.ca/OEB/Licences/Apply+for+a+Licence>

On receipt of your application, the Board will proceed to review your application for renewal in accordance with Part V of the Act.

If we do not receive your application by the required date, the Board will be prepared to remove your name from the licensee records once the current licence has expired.

If you have any questions regarding this process, you may contact George Dimitropoulos, Analyst, Licence Applications, at 416-544-5152 or by email at george.dimitropoulos@oeb.gov.on.ca

Yours truly,

John Pickernell
Assistant Board Secretary
