Dear Ms. Marconi:

Re: Atikokan Hydro Inc. Cost of Service, EB-2024-0008  
Delay in Filing Issues List Responses

Per the Decision on the Issues List, Atikokan Hydro is required to provide OEB staff and VECC responses to deliver clarifications, updates and corrections to the evidence by February 12, 2025. Many of the updates include OEB model updates to include 2024 financial data.

Atikokan must inform the parties that it will not be able to deliver the responses by February 12, 2025.

The delay in submission of responses is a result Atikokan has been populating year end data that is normally not available or prepared so soon after year end in addition to keeping up with other day to day regulatory processes.

A new deadline of February 19, 2025, would be appropriate. Atikokan will continue to work diligently on its responses understanding OEB Staff and VECC require time to review prior to settlement conference scheduled for February 24<sup>th</sup> and 25<sup>th</sup>.

We apologize for any inconvenience this delay may cause. Please feel free to contact the undersigned if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Jennifer Wiens". The signature is written in a cursive, flowing style.

Jennifer Wiens  
CEO/Sec/Treasurer
