Dear Ms. Marconi, Registrar:

**Re: Orangeville Hydro Limited
Application for 2025 Electricity Distribution Rates – EB-2024-0048
Submission of updated IRM Rate Generator Model**

Please find enclosed an updated IRM Rate Generator Model. Orangeville Hydro has revised its 2025 IRM rate application, to withdraw its request to dispose of its Group 1 Deferral and Variance (DVA) account balances. Orangeville Hydro would like to further investigate the balances within commodity accounts 1588 and 1589. After removing commodity accounts 1588 and 1589, the overall Group 1 DVA disposition balance is significantly lower than the threshold set by the OEB to allow disposition of DVA balances, which is why all Group 1 DVA balances have been withdrawn. These balances will be brought forward for disposition in its 2026 IRM rate application.

Please contact me if you have any questions on this matter.

Yours truly,

A handwritten signature in black ink that reads "Amy Long".
